MEMORANDUM

ATTENTION Senate Committee on University Priorities (SCUP) DATE April 18, 2017

FROM Wade Parkhouse, Chair of Senate Graduate Studies Committee (SGSC) 

RE: Suspension of Admission and Termination of the Graduate Diploma in Quantitative Methods in Fisheries Management

For approval:

At its meeting of April 3, 2017, SGSC approved the suspension of admission and termination of the Graduate Diploma in Quantitative Methods in Fisheries Management in the School of Resource and Environmental Management within the Faculty of Environment, which gives rise to the following recommendations:

Motion 1:

That SCUP approve and recommend to Senate the suspension of admission to the Graduate Diploma in Quantitative Methods in Fisheries Management in the Faculty of Environment.

Motion 2:

That SCUP approve and recommend to Senate the termination of the Graduate Diploma in Quantitative Methods in Fisheries Management in the Faculty of Environment.

OFFICE OF THE DEAN

To: Dr. Wade Parkhouse, Dean of Graduate Studies /Chair of SGSC

From: Dr. Dongya Yang, Associate Dean /Chair, Faculty of Environment Graduate Studies Committee

cc: Murray Rutherford, Chair, REM Graduate Program Committee

Date: March 14, 2017

Re: Calendar changes for 2 REM graduate courses and 1 diploma program

The Faculty of Environment Graduate Studies Committee has approved the request from the School of Resource and Environmental Management (REM) to ~~make minor changes to the calendar course descriptions and titles for REM 602 and REM 641,~~ and to terminate graduate diploma program in "Quantitative Methods in Fisheries Management."

Should you have any questions or concerns, please feel free to contact.

Dongya Yang, Ph.D.
Associate Dean of Research and Graduate Studies
Professor of Bioarchaeology

Proposal to Suspend Admission &
Proposal to Terminate a Program

1. All impacted credentials, levels and categories of the degree, and specific discipline or field of study

Graduate Diploma in Quantitative Methods in Fisheries Management

2. Location of the program

SFU Burnaby campus

3. Faculty(ies), Department(s), or School(s) offering the program

School of Resource and Environmental Management (REM), Faculty of Environment

4. Anticipated final dissolution date

As soon as possible; anticipated date is Spring 2018

5. Reasons for termination of the program, such as:

- Lack of enrollment demand

This program is currently inactive and has had no registered students since the 2006 academic year. There was very little demand for enrolment in the program when it was operating. No students completed the program and received the diploma.

6. Plan for phasing-out of program, including

- a) Steps taken to consult with students

No students impacted

- b) Steps taken to consult with impacted instructors and staff

The only current REM faculty member teaching in the fisheries area has approved the termination of this program. REM staff and the REM Graduate Program Committee have also approved.

- c) Steps taken to ensure students in the program have the opportunity to complete the program

There are no students in the program

- d) Description of the reallocation of any remaining program and associated resources when program is terminated

The program has no remaining resources to be reallocated.

- e) Confirmation of consultation with other impacted departments and
Faculties

**Termination of this program has been approved by the Graduate Studies
Committee of the Faculty of Environment. There will be no impacts on other
departments or faculties.**

- f) Impacts on and/or reorganization of curriculum in cognate disciplines

None

- g) Timeline of activities

No other activities required

7. Name, title, phone number and email address of the institutional contact person in case more information is required (normally, the Dean of the Faculty in which the program is housed)

Murray Rutherford, Chair, REM Graduate Program Committee
