At its meeting of June 22, 2023, the Calendar committee reviewed, for approval by Senate, the schedule of dates for future semesters commencing Fall 2024 and finishing Summer 2025.

SFU has a three term in-take system, which challenges the university when it comes to orienting new students at the beginning of each term, as well as evaluating student's academic standing and graduation eligibility at the end of each term. In order to provide students with the best academic and university experience, the following principles are used in determining the optimal academic calendar of dates:

Principles

1. Each semester has between 60-63 teaching days. ([Senate paper S.21-19](#))
2. Exams may be scheduled on Sunday if required. ([Senate paper S.05-127](#))
3. Exams should be avoided on the Saturday and Sunday of the Easter weekend. ([Senate paper S.14-102a](#))
4. There is a week long reading break in February of each year to correspond with the family day holiday. ([Senate paper S.08-70](#))
5. All instructors submit grades on-line by the deadline date to allow for quicker end-of-term evaluations.
6. Orientation for new students is a vital component for student retention, development and creating a positive university experience.

MOTION:

“That Senate approve the schedule of academic dates for the Fall 2024, Spring 2025 and Summer 2025 terms.”
