ii) Senate Committee on Agenda and Rules

- a) Paper S.80-112 - Addition to Membership of Senate Committee on Continuing Studies

Moved by W. Litwin, seconded by L. Hale,

"That Senate approve that on the Senate Committee on Continuing Studies (SCCS) there be added the position of Secretary (non-voting)."

J. Blaney commented that the business of the Committee could be conducted with greater efficiency with the addition of a Secretary.

Question was called, and a vote taken.

MOTION CARRIED

iii) Senate Committee on Undergraduate Studies

- a) Paper S.80-113 - Special Topics courses - Faculty of Education

Titles of the Special Topics course offerings of the Faculty of Education during the 79-2, 79-3, 80-1 and 80-2 semesters were outlined

in Paper S.80-113 for the information of Senate following review of the details by SCUS earlier.

b) Paper S.80-114 - Curriculum Changes - History

Moved by J. Webster, seconded by W. Litwin,

"That Senate approve and recommend approval to the Board of Governors, as set forth in S.80-114, the proposed changes in History, including:

i) New courses:

HIST 202-3 - B.C. and Confederation: Studies in Historical Method

HIST 326-3 - The History of Native People in Canada (discontinue HIST 434)

HIST 328-3 - The Province of Quebec: Confederation to the Present (discontinue HIST 429)

HIST 340-3 - United States Foreign Policy

HIST 435-3 - The Canadian Prairies (discontinue HIST 432)

MOTION CARRIED

It was noted that the Senate Committee on Undergraduate Studies, under its delegated authority, had approved change in vector for SPAN 102-4 and SPAN 103-4 from 1-4-1 to 0-4-1.

- d) Paper S.80-116 - Curriculum Changes - Faculty of Arts - Change in Lower Division Requirements - Mathematics

Moved by J. Webster, seconded by K. Rieckhoff,

"That Senate approve and recommend approval to the Board of Governors, as set forth in S.80-115, the change in lower division requirements in Mathematics for Major and Honors students to require MATH 242-3 - Introduction to Analysis."

Question was called, and a vote taken.

MOTION CARRIED

- iv) Senate Committee on Undergraduate Studies (Senate Committee on Academic Planning)

- a) Paper S.80-117 - Regulations - Restrictions on Entry to and Continuation in Minor, Major and Honors Programs and to Upper Division Courses in Business Administration, or to Related Programs or Courses

Moved by J. Webster, seconded by R. Brown,

"That Senate approve and recommend approval to the Board of Governors, as set forth in S.80-117, regulations as follows:

(These regulations are in addition to the general University and Faculty of Arts regulations covering such matters as admission to the University, acceptance into and continuance in minor, major, honors programs, requirements for graduation. Except as described herein they do not apply to BUEC courses.)

1. A student desiring to take a minor, or a major, or an honors program in Business Administration, or a combined major or honors program in Business Administration and Economics, may continue to indicate on registration forms the intended program as under current regulations and practice.
2. For formal declaration and formal acceptance into any one of these programs involving Business Administration a student must be registering for a semester in which the 61st or higher credit hour is to be taken and normally will be expected to

completed or be registered in a semester completing the 57th credit hour. Other cases will be reviewed and determined by the Department.

3. To be formally accepted into a minor or major program the student will be required to have a cumulative grade point average of 2.25 or higher at the time of acceptance. The usual higher average for honors entry will continue to be applied.
4. To remain in a minor or major program the student will be required to maintain a cumulative grade point average of 2.25 or higher. The usual higher average required to continue in an honors program will continue to be applied. (Students undertaking a minor program in Business Administration by use of BUEC courses are required to fulfil this regulation of a cumulating grade point average of 2.25 or higher.)
5. Entry to and registration in any upper division Business Administration course requires
  - (a) That the student be or have been formally accepted into one of these minor or major or honors programs involving Business Administration and be eligible to continue in the program, or
  - (b) That the student have completed or be registered in a semester completing the 57th or higher credit hour and have a cumulative grade point average of 2.25 or higher. Other cases may be reviewed and determined by the Department.

For entry and registration in subsequent Business Administration upper division courses the student will be required to maintain a cumulative grade point average of 2.25 or higher.

6. If during a semester (for example during preregistration), Departmental assessment is made on the basis of student record then available and decision is to formally accept the student into one of these programs, or to permit the student to register for one or more upper division courses in Business Administration, that decision shall stand for the immediately approaching (or just commenced) semester. It will not be cancelled because of results known at the end of term, other than for failure to complete prerequisites, or action under general University regulations resulting in Required to Withdraw or Permanent Withdrawal status, or other general regulations. It will not automatically stand for later semesters; updated data would apply.

If the academic record at the time of review was too low for a student to be authorized for acceptance to a program or to

take upper division courses but the end of term record for the semester just completed is adequate, the student then may seek adjustment through the Department and following general regulations either

- (a) proceed through In-Person registration if not already registered, or
  - (b) proceed through adjustment through the Course-Change period, if already registered.
7. For students entering Simon Fraser University on the basis of work elsewhere the cumulative grade point average will be taken to be that determined under admissions regulations, normally on courses which can be considered for transfer. After transfer the cumulative grade point average is based on Simon Fraser University courses. Exceptional cases may be considered by the Department.
  8. Where the average of a student accepted into a program drops below that required the earlier formal acceptance is no longer valid unless reviewed by the Department and waiver granted for continuance.
  9. Prerequisites for any course may be waived for individual students by the School. In order for a course to be accepted as fulfilling a prerequisite a student must have a grade of C- or higher.
  10. The effective date for commencement of these regulations will be to affect registrations for and after the Fall semester 1981. They will apply generally to all students for then and there after granted or being granted formal acceptance into these programs or, if not in a Business Administration program, to students desiring to undertake one or more upper division courses in Business Administration (unless waiver is granted by the Department).

As it is not desired to impose hardship on students who already are well advanced in their Business Administration programs, the following provisions will apply to such students whose records would indicate as at September 1, 1981, that they would require not more than sixty credit hours to complete the degree:

- (a) A student who lacks thirty or fewer credit hours needed to complete degree requirements will have one year to complete without impact from these new regulations - (to August 1982).
- (b) A student who lacks thirty-one to sixty credit hours needed to complete degree requirements will have two years to complete without impact from these new regulations - (to August 1983).
- (c) The Department may consider further these or other exceptional cases to lessen hardship.

The Director of the School, B. Schoner, and the Chairman of the Department of Business Administration were invited to join the assembly to respond to questions.

R. Brown stated that the regulations had been devised in an attempt to overcome severe enrolment problems which had created pressures on the programs.

An amendment was moved by K. Okuda, seconded by R. Brown,

"That Item (b) on page 3 of Paper S.80-117 be struck, and necessary modifications made in the rest of the text."

K. Okuda was of the opinion that Item (a) is adequate for the purpose of the proposal and that those in their second year of university work, who are basically fulfilling Faculty of Arts requirements, would be informed of the requirement for a 2.25 cumulative average for continuance. R. Brown concurred with the reasoning and added that the concern was overcrowding in the current situation.

T. McNabb and W. Litwin spoke against the amendment, contending the effect was extremely unfair to students entering their third year in September 1981. K. Rieckhoff stated that in his experience a motivated student would have little difficulty in meeting the specified requirements in advance of the effective date of the proposed application of new regulations.

Question was called on the amendment, and a vote taken.

AMENDMENT CARRIED

During discussion on the amended proposal, the Chairman commented that, although the University is interested in continuing to attract new students, under current conditions it can no longer accommodate the total demand for the Business Administration programs.

Question was called on the motion as amended, and a vote taken.

MOTION AS AMENDED CARRIED

v) Senate Committee on Academic Planning

a) Paper S.80-118 - Internal Reorganization, School of Business Administration and Economics

Moved by J. Webster, seconded by W. Litwin,

"That Senate approve that there be undergraduate curriculum committees established in each of the two Departments of the School of Business Administration and Economics."

It was explained that the proposal would facilitate curriculum development in both Departments of the School.

Question was called, and a vote taken.

MOTION CARRIED
