Tuesday 5:30-9:20 in EDB 7500B

PREREQUISITE: EDUC 401/402

DESCRIPTION

The class will focus on practical and theoretical perspectives on Art Education. Each week, we will examine ideas and issues in art education as well as participate with practical hands-on learning. Students will be encouraged to experiment freely within the parameters of the assignments.

Requirements:

Students are expected to participate in class discussions, visit an art gallery, complete a course portfolio displaying a number of hands-on art projects, finish assigned readings and one personal research assignment.

Evaluation:

Participation in classroom discussions 15%
Art gallery visit 15%
Personal research assignment 20%
Course portfolio 50%

Required texts: None

Readings: Identified readings issued as class progresses
