

SIMON FRASER UNIVERSITY
DEAN OF GRADUATE STUDIES
MEMORANDUM

TO: Senate
FROM: Jonathan Driver, Chair, Senate Graduate Studies Committee
SUBJECT: Faculty of Applied Sciences: Calendar changes (GS2006.10)
DATE: March 27, 2006
cc: K. Lertzman, REM; T. Milner, KIN

For information

At its meeting of 13th March 2006 Senate Graduate Studies Committee approved the following curriculum and calendar changes in the Faculty of Applied Sciences:

1. **REM Ph.D. program coursework**

- Courses of degree requirements - deletion of the sentence
"All courses in the school can be taken for credit toward a PhD degree except REM 601 and directed studies courses."
- REM 601-5 Social Science of Natural Resources Management - deletion of the sentence
"Not for credit toward a PhD in resource and environmental management."

These changes would allow Ph.D. students to take REM 601-5 and directed studies courses for credit.

2. **KIN M.Sc. (coursework) program**

- KIN 809-1.5 Project completion – new course proposal
- Degree requirements
from "All students must also complete a one-semester directed study project KIN 804."
to "All students must also complete a one-semester directed study project KIN 804.
Students who do not complete their project in one semester must register for KIN 809 (Project Completion) in all subsequent semesters until the project is completed. No additional credit will be given for KIN 809."

These changes would allow part-time students to complete KIN 804-3 project in more than one semester, for the purposes of registration and fees.
