Elected by acclamation:

Betty Schellenberg

**Additional Candidate Statements (rec'd after May 31, 2005)
for Senate Committee elections at June 13, 2005 Senate Meeting**

Dear Senators,

I am now entering my second term as the Faculty of Science Representative for the SFSS. I have been a Student at Large on the SUAAC for several months as well. I am also a newly elected Student Senator.

The library offers one of the most important services at SFU. In this respect I believe that maintaining this service as best as possible is something that, as a student, I feel responsible to do. Due to my involvement in the SFU community I will be able to bring a broad perspective to the committee each time we meet. Due to this I will hopefully be able to support the library and its objectives in a way that will benefit students as best as possible.

Further, due to my experience with Senate Committees, and with the SFSS I am aware of the constraints that are put on bodies such as the Senate Library Committee. I have made it a point to ensure that I am timely, as well versed as I can be and I take into account what fiscal constraints pertain to the body that I'm involved with.

My interest in the library as a service and willingness to represent students in a fair manner makes me a very appropriate candidate to be a member of the Senate Library Committee. I hope that you consider my experience and willingness to be active in the SFU community when choosing the next Senate representative to the Senate Library Committee.

Sincerely,

Sean Magee

Brett M. McCollum

Ph.D. student in Chemistry.

B.Sc., 1st class Honors in Chemistry, Minor in Mathematics, Simon Fraser University, 2004.

Undergraduate awards: Gordon Shrum Entrance Scholarship and others

Postgraduate awards: NSERC Canada Graduate Scholarship (Master's), 2004-2005; NSERC Postgraduate Scholarship (Doctoral), 2005-2008.

Coming from a large family, I am sensitive to the difficulty of financing a student's post-secondary education and the importance of scholarships, awards and bursaries in aiding individuals to overcome financial barriers to post-secondary education. As an undergraduate I assisted recruitment of potential scholarship winners. Now that I have graduated I am seeking other ways to give back to the university that played a significant role in my success. I feel that my own experiences are well matched to service on the Senate Policy Committee on Scholarships, Awards and Bursaries (and the Senate Graduate Awards Adjudication Committee), and I hope that I will be able to aid both the University and award recipients in that capacity.

Candidate Statements (received as of May 31, 2005)
for Senate Committee Elections at the
June 13, 2005 Senate Meeting

Johansen, Elinor

My name is Elinor Johansen, and I am a dedicated advocate for students. I have just recently completed my first term as a student Senator and was reelected for a second. This past year, I have been a vocal member of Senate, championing students' interests and concerns. I very much want to continue this work through the committees of Senate. These committees are an important venue to express the concerns of students in the decision making process. Both my experience as a student Senator as well as my time volunteering with and working for the Student Society have instilled a desire to become actively engaged in the University. Beyond this, I have in the past been active in the University community as an Orientation Leader, a member of the Residence Community Standards Board, and an executive of the Political Science Student Union.

I have greatly enjoyed participating in Senate and its committees, and hope to bring my experience and enthusiasm forward for another year.

Leslie, Dan

Personal:

My interest in University started as a keen motivation to excel in the field of my interest. Soon after I arrived, however, my interest broadened. The narrow academic vision I had set out for myself was shattered by the personal experiences that University life afforded me. Over time I've become heavily involved in the student society and the CMPT DSU, with the intent to spread the powerful experiences I encountered as a first year student.

Senate Appeals Board:

I suppose my interest in becoming a member of the Senate Appeals Board stems from my belief that without vigilance, fairness and equity will pass to the wind. As a member of the SAB I hope to bring an objective understanding to the process. Too often in my life I've seen complicated situations dismantled readily via a razor of simplicity, when life itself demands a deeper investigation and a more complicated solution to the sometimes difficult situations it places us in.

Senate Library Committee:

To be honest, in the past I've hardly used the library. I had little concept of what went on in it's silent halls, or what services the staff and facilities could provide. Over the last year, however, I've opened up to it, and in the process become aware of the various plans and projects for making the library an attractive facility for student use. In my interactions with the CMPT DSU it's been a priority to myself that we continually assess how we can attract more active members into the fold, and how we can keep ourselves relevant. I think this drive would fit in well with the Senate Library Committee.

Steele, Stephen

Statement of Interest - DQAC vacancy

I support the policy aims of this committee and would like SFU to remain accessible to students from all backgrounds.

Wu, Diane

Hi. My name is Diane Wu and I am currently in my third semester towards a major in Computing Science. I am currently on the CSSS (Computing Science Student Society) executive as Vice President of Activities. I also currently chair the ChicTech committee (a program from the Women in Computing Science club). I would like to get more involved, which is why I'm interested in this position. I'm a rather organized person and have very good time management skills.

I am interested in being on the Senate Library Committee, because I was in the Library Club in high school and am familiar with library administrative details. I also really appreciate the services given by the library, and would love to contribute my part.

Also,

I am interested in being on the Diverse Qualification Adjudication Committee. One of the things I love the most about university is the diverse backgrounds and talents that resides within the student body, and I believe that students should have a fair chance at an education even if they did not excel in high school. Thus, I would love to be on this committee and help to give students with diverse qualifications a fair chance at a post-secondary education.
