SENATE LIBRARY COMMITTEE

Annual Report for 2000/01

Senate Library Committee Meetings: June 2000 - June 2001

The Senate Library Committee met five times between June 2000 and June 2001. Meeting highlights are as follows:

- The Committee heard a brief overview of the student and faculty survey results from Elaine Fairey, Head of Reference. The SLC subsequently received copies of the Library Survey Results – Final Report.
- The Committee discussed concerns about electronic reserves and course packs; and reviewed the current copyright limitations to digital text access.
- The Committee reviewed and supported the proposed expenditure of approximately \$107,000 from the Library's endowment income.
- The University Librarian reported at several meetings on the status of the Collection Allocation Action Plan tasks which were completed by fall 2000.
- The Committee approved a motion strongly supporting the Library's request for an additional \$200,000 in funding to pay the salaries of four new positions.
- The Committee discussed the procedure to accommodate Library collection needs for Canada Research Chairs. It also discussed the issue of departments sharing the cost of some journal subscriptions.
- The Committee recommended that serials usage data continue to be collected in 2001, and added to previous samples. These data were subsequently made available from the Library's home page.
- The Library's new Collections Policy Statements were made available online. These statements apply largely to monographs acquisitions rather than journals.
- The Committee reviewed the Library's draft of its three-year plan and at the end of its discussion passed a motion endorsing the Library's Three-Year Plan for 2001-2004.

Senate Library Committee Annual Report 2000-01

p. 2

- The SLC reviewed a memo from the Head of Collections regarding a relocation of "dead" journals from the 6th to the 1st floor Lam Collection, which is expected to take place in Spring 2002.
