

Simon Fraser University

Memorandum

TO: Senate

FROM: John D'Auria  
Senator

DATE: 17 September 1998

SUBJECT: Advertising in the Calendar

---

MOTION:

"that advertising not be allowed in the Calendar until the principle has been approved by Senate and the relevant procedures on how the advertising will be selected are discussed"

It is my understanding that Senate must approve the principle of advertising and it must also be told a bit about how the type of advertising will be selected.
