## BACANI, JULINOR

Department of Biology  
Faculty of Science  
Degree Completion anticipated for 1995

### Background Information

- 3rd year Biology Major, 3rd year Biology/Biomedical Co-op Student
- President's Entrance Scholar '90
- Alberta Heritage Fund/Rutherford Scholar '90
- Student/Research Assistant at BC Cancer Research Centre
- Part-time IGA cashier
- Active church choir member
- Karate student (purple belt), Shotokan Style

I have served on the Senate Nominating Committee since the June by-election and look forward once again to serving on the committees now open for election. My immediate goals are focused on learning and gaining experience so that I can more effectively and enthusiastically represent student interests. I believe it is not enough to just know about the issues and difficulties facing SFU. It is more crucial to know how to approach these concerns intelligently and optimistically. As a first time senator, I hope to be given a chance to take a more active role in senate activities.

## BEATTIE, SUZAN

Convocation Senator

1977 - SFU - B.A.  
1979 - UBC - L.L.B.

Occupation Vice-Chair - Labour Relations Board

Member Canadian Bar Association  
Law Society of B.C.

### Simon Fraser University:

1991-Present Senator  
1986-Present Sessional Instructor  
Faculty of Business Administration and Department of Economics

1985 S.F.U. Alumni Association  
President: 1982-1983  
Committees:  
1981-1982 Personnel Advisory Committee  
1981-1982 Search Committee, Director of Alumni Affairs  
1982 Chairman: Excellence in Teaching  
1983 Search Committee - President, S.F.U.  
1984 Search Committee - Director of Alumni Relations

1980-1985 Executive Board Member

## BULLOCK, DAVID

Faculty of Applied Sciences

## **CHUNN, DOROTHY**

School of Criminology  
Faculty of Arts

B.A. (U.B.C.); M.A. (U. of T.); Ph.D. (U. of T.)

As a member of the School of Criminology's Graduate Programs Committee for the past two years, I have been involved in decision-making about the allocation of Graduate Fellowships and the recommendations of students for scholarships and bursaries. SPCSAB is of particular interest to me because I am concerned about maximizing the financial assistance to students in times of fiscal restraint and ensuring that the adjudication process in making awards is as equitable as possible.

As a former librarian and a current member of the Archives and Records Management Committee at SFU, I have a special interest in library development and some knowledge about the workings of library information systems.

## **CIRIA, ALBERTO**

Political Science/Associate Member, SLAS Department  
Faculty of Arts

Bachillee, Colegio Nacional de Buenos Aires (Argentina), 1952  
Lawyer's Degree, Facultad de Derecho y Ciencias Sociales  
Universidad Nacional de Buenos Aires (Argentina), 1959

I am particularly interested in international activities by the University; interdisciplinary teaching and research; University/Community Relations, and related topics.

## **DEAN, CHARMAINE B.**

Assistant Professor, Mathematics and Statistics, SFU (July 1989-present)

Chair of the Mathematics & Statistics Academic Discipline and Appeals Committees (91-93); Undergraduate Studies Committee Member (91-92); Departmental Tenure Committee Member (90, 92-93); Representative to the Faculty of Arts Curriculum Committee (92-93).

I am interested in being a member of the senate committee governing academic discipline and student conduct since I have an interest in students, their problems, and in meeting the demands of justice and fairness with compassion.

## **DHIR, ROBIN**

Major - Faculty of Business of Administration

I am interested in learning more about the university and its workings. Being a student senator from the Faculty of Business I am obviously interested in seeing the university run efficiently and also to see it be fiscally responsible. I have been a part of numerous committees in the past and even presently -- whether at school, within the community, or for a political party. The Senate committees I have chosen mostly pertain to the undergraduate side of things and I hope I have the opportunity to represent the interests of the students of S.F.U.

## **DILL, LAWRENCE**

Department of Biological Sciences  
Faculty of Science

B.Sc., M.Sc., Ph.D. (UBC)

As Director of the Behavioural Ecology Research Group, I am particularly concerned with research and graduate training.

I am committed to the idea that a university is a place to create and transmit knowledge. The administration and service departments exist to serve these functions; i.e. they work for us - not the other way around! (It seems they have to be continually reminded of this).

## **DRIVER, JON**

Department of Archaeology  
Faculty of Arts

B.A. (Cambridge); Ph.D. (Calgary)

I believe we should try to provide a high quality education for undergraduate and graduate students, and that this is best done by research-oriented faculty members. Faculty must be active in planning the academic programme, hence my interest in SCAP and SCUB. We should encourage students and faculty to be involved in education and research internationally, and I hope to remain involved in SCIA and IUSEC.

## **DUNSTERVILLE, VALERIE**

M.A. - SFU 1980  
B.A. - UBC 1976

I have been a member of the committees for twelve years and would like to continue on these committees. My long service on these committees provides consistency and experience and I look forward to continuing as a member.

## **ETHERINGTON, LOIS**

Faculty of Business Administration

Ph.D, M.B.A. - University of Washington  
B.Ed. - University of Alberta

I feel I can contribute particular expertise in budgeting.

Publications and Research

Managing Budget Conflicts, (coauthored); SMAC, Hamilton, 1992; Internal Control in Canadian Corporations: A Management Perspective; (Coauthored), CICA and SMAC, Toronto, 1985; plus refereed papers in academic and professional journals and refereed conference proceedings. Grants from CMHC, Canadian Institute of Chartered Accountants, Society of Management Accountants of Canada, SSHRC. Editorial board of Issues in Accounting Education. Research is in the areas of management control systems, analysis of use of internal financial and non-financial

data in managerial decision making, and performance evaluation of professionals and organizational units.

**Professional Activities**

Department and Faculty Tenure Committees, SFU Faculty Association Treasurer, Vice President, and President; University Salary Equity Study Committee, Accounting Area Coordinator, DUC House Committee and Board, various faculty curriculum committees, Senate Committee on Academic Discipline, Senate Nominating Committee, Conference Chair, Society of Management Accountants Annual Symposium, 1990, etc.

**HAFER, LOU**

Faculty of Applied Sciences

B.Sc. Elec. Eng. (Carnegie-Mellon)  
M.Sc. Comp. Eng. (Carnegie-Mellon)  
Ph.D. Elec. Eng. (Carnegie-Mellon)

No faculty member can fail to be interested in the effects of the present fiscal situation and the underlying political and demographic situation. For 3 years ending 85-3, I had primary responsibility for computing facilities and capital budget in Comp. Sci., including design and implementation of the CSIL and transition from a centralised to distributed computing environment. I served on the SFUFA Executive and Economic Benefits negotiating committee, from 89-3 to 92-2. Currently I am Director of Graduate Programs in Computing Science. In short, I have been actively involved in academic planning and budget since arriving at SFU, and I wish to continue. I believe it is vitally important we maintain our research strength and that we reach out to B.C. corporations to enlist their cooperation and support.

**HEINRICH, KATHERINE**

Department of Mathematics & Statistics  
Faculty of Science

B.Math. (Honours) (1976)  
Ph.D. (1979) U. Newcastle, Australia

I remain strongly committed to:

- the needs of students and their diversity
- policies and actions that make the university more equitable for all of its members
- making "non-traditional" areas of the university more hospitable to women and minorities
- giving more people a voice in and an understanding of the university administration
- the recognition that teaching is as important as research in this university
- looking at more effective ways of planning - both programs and budget decisions
- making what we teach relevant to students' lives

## **HOEFLICH, KLAUS**

Co-operative Education (Chemistry)

University Awards:

- 1993 - NSERC Undergraduate Student Research Grant
- 1990 - Dean's Entrance Scholarship in Political Science

Senate Library Committee/Library Penalties Appeals Committee and Senate Committee on Academic Planning/Senate Committee on University Budget

It is my wish to continue to give my time and efforts to the growth of the university. Last year I had the opportunity to serve on two Senate committees. With this experience gained, I feel I can contribute constructively to the academic process of the university.

## **LORD, TREVOR**

Faculty of Education

I believe that I have some interesting ideas to bring to the SCHD, and at the very least, I know that I would be a motivated, dedicated, and fully active member of the committee.

While I admit that I am a new senator and that I have no committee experience, I know that I would bring enthusiasm and commitment to the SCAP/SCUB.

**PALMER, EVELYN**

I have been on the Chemistry Department Undergraduate Studies Committee for many years and have strong associations with high school and community college teachers. As a teacher of about 600 students per year, my greatest concern is with the quality of education and services we provide to our undergraduates. I believe that recent university policies have led to lower standards of teaching and service, and I wish to contribute to committees which will restore them to their previous high levels.

**PALMER, LEIGH**

Department of Physics  
Faculty of Science

A.A. (Sacramento Junior College)  
A.B., Ph.D. (University of California)

My principal interests are in the quality of undergraduate education offered by Simon Fraser. This quality is enhanced by many factors, all of which concern me. Chief among these are the quality

of programs and courses we offer, the general comfort of the campus environment, the quality of our faculty, and the quality of the students we attract to the University. To the improvement of this last factor I have devoted my considerable attention to high school recruiting and scholarships, particularly entrance scholarships. I have been involved since 1966 with curriculum in my department and with the design of programs. I would like to involve myself more with the overall design of the university's offerings, particularly the undergraduate offerings. I participated in SCIMO's examination of instructional delivery and I believe that the effects of insufficiently supported enrollment increases have led to a decline in the quality of the programs we offer. To this end I believe that SFU should curtail enrollment and seek a university size nearer that recommended by the Task Force on University Size, and nearer the one which will serve our students well.

**Statement**

It seems to me that University policy is increasingly based on administrative convenience and fiscal restraint, rather than on academic grounds. This is perhaps to be expected in an organization as large as our university, and in the present economic climate, but it should be resisted nonetheless. A case in point is the sudden change in scholarship eligibility dictated by an administrative decision to cut \$500,000 from the Awards budget. According to the University Act, "the academic governance of the university is vested in the senate". I shall continue to work hard in Senate and its Committees to defend the authority of Senate to determine academic policy.
