Action undertaken by the Senate Graduate Studies Committee at its meeting of January 16, 1984 and at the meeting of the Senate Committee on Agenda and rules on January 24, 1984 gives rise to the following motion:-

The attached documents give the rationale and show the membership structure and terms of reference of the Senate Graduate Studies Committee.

Subject Membership

Date January 9, 1984

I shall introduce the following motion at the next meeting of the S.G.S.C.:

Motion

The Director of Natural Resources Management Programme, as de facto Chairman of the Graduate Programme Committee, be a voting member of the Senate Graduate Studies Committee.

Rationale

The terms of reference of the Senate Graduate Studies Committee specify membership to include the Chairman of each Departmental Graduate Programme Committee.* The M.R.M. Programme differs from other graduate programmes in that it is not part of another department or departments who are represented on the S.G.S.C. Furthermore, M.R.M. now has over 40 graduate students and seven full or part-time faculty. Hence, it is a major graduate programme, but is unrepresented on the S.G.S.C.

In my opinion, it is inappropriate for such a large graduate programme to remain unrepresented on the S.G.S.C. and I strongly endorse the Faculty's request for this matter to be considered.

*The exception is that the Faculties of Education and Business Administration are entitled to two representatives elected by and from their Faculty Graduate Studies Committees.
