SIMON FRASER UNIVERSITY   S.78-89

MEMORANDUM

To......... Senate...

Subject..... CHANGE IN REQUIREMENTS FOR
THE MINOR PROGRAM IN

MATHEMATICS

From ...... Senate Committee on
Undergraduate Studies

Date...... August 24, 1978

Action taken by the Senate Committee on Undergraduate
Studies at its meeting on August 15, 1978 gives rise
to the following motion:

Motion

"That Senate approve, and recommend approval
to the Board of Governors, as set forth in
S78-89 changes in requirements for the Minor
Program in Mathematics."

SIMON FRASER UNIVERSITY

MEMORANDUM

To .... H. Evans	From .... J.M. Webster
Secretary, SCUS	Dean of Science
Subject .... Math Minor Requirements	Date 1978 07 27

The Faculty of Science, at its meeting of 1978 07 19, approved the following change to item (ii) of Requirements for Students Completing a Minor Program in Mathematics (see page 410 of the 1978-79 SFU Calendar).

This currently reads:

" (ii) To obtain credit in at least 15 semester hours of upper division Mathematics courses. These courses may not include MATH 302-3 or 450-8 or PHYS 411-4. Students are cautioned that although overlap of content requirements between a minor program and a major or honors program is permitted (i.e. if the same specific course is required for both programs, it need not be taken twice), the 15 hours of upper division credit referred to must be separate and distinct from the 28 to 30 hours of upper division credit required for the major or the 50 hours of upper division credit required for the honors degree."
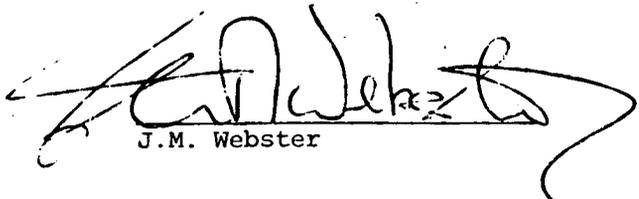

Changed to read:

" (ii) To obtain credit in at least 15 semester hours of upper division Mathematics courses. These courses may not include MATH 450-8 or PHYS 411-4."

Rationale:

To allow students to include credit in MATH 302-3 in the required 15 hours upper division credits for a minor in Mathematics. Previously, MATH 302-3 was not admissible as upper division Mathematics credit for a minor. It was felt that the rest of item (ii) was unnecessary as it only repeats what is already stated in the Calendar.

Note: MATH 302-3 will continue to be inadmissible as upper division Mathematics credit for students in major or honors programmes in Mathematics.
