ANNUAL REPORT FOR 1976

FROM THE

SENATE COMMITTEE ON SCHOLARSHIPS, AWARDS AND BURSARIES

MARCH 1977

Introduction

In an effort to conserve paper, this year's annual report is presented in abbreviated form. The terms of reference and the current membership of the committee may be found in a report entitled Senate Committees dated October 15th 1976 and circulated to all members of Senate by Secretariat Services.

The terms of reference for the specific programmes administered by the committee may be found in the Financial Aid section of the undergraduate calendar and the appropriate section of the graduate calendar. Where changes in the terms of reference of these programmes were made during 1976 they will be noted below.

A brief review of the University Programmes administered by S.C.S.A.B. and also of the Government Financial Aid Programmes is given in a Table at the end of this report.

1) Undergraduate Scholarships

With regard to scholarships for students enrolled in the P.D.P. programme in the Faculty of Education during 1976, S.C.S.A.B. adopted the policy whereby the Faculty nominates students for scholarships to the Senate Committee on the basis of their assessed performance in that programme.

In January 1976 S.C.S.A.B. made a number of recommendations relating to University Bursaries and Emergency Loans, which were subsequently approved by the Board and implemented in September 1976.

The major changes were:

- (a) Undergraduates must now apply for Canada Student Loan and Government Grant-in-Aid before being eligible for an S.F.U. Open Bursary.
- (b) An on-going Emergency Bursary Fund was established (maximum \$450 per student per semester) to assist undergraduates or graduates who find themselves in critical need as a result of unforeseen circumstances. Further details are given in the calendar.
- (c) The University Emergency Loan Fund was substantially increased the target figure being \$100,000 and the terms of reference were changed to allow interest-free loans of up to \$300 over 60 days, with the guarantee of a post-dated cheque. A sum of \$5,000 per annum was requested to write-off loans which are not repaid.
