S.75-3

SIMON FRASER UNIVERSITY

MEMORANDUM

To SENATE

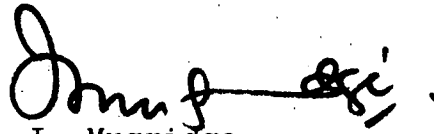

From SENATE COMMITTEE ON UNDERGRADUATE STUDIES

Subject

Date December 4, 1974

At the July 8th, meeting of Senate, the Senate Committee on Undergraduate Studies was directed to produce a report for the January, 1975 meeting on Grading Practices in the University.

Following initial discussions of the problem, a sub-committee was directed to draw up a preliminary report along lines suggested by this first consideration. This was done and the resulting report was discussed by the full Committee at a number of subsequent meetings. Following these discussions and modification of the preliminary report, the modified proposal was transmitted to Deans of Faculties and to the Student Society for discussion by Faculty and Students. It will be impossible for this process to be completed and a final report to be written and discussed by SCUS before the deadline for submission of materials for the January Senate meeting. The Committee therefore requests that Senate extend its original deadline to permit the report on grading to be submitted to the March meeting.
