SIMON FRASER UNIVERSITY

S. 72-85

MEMORANDUM

To M. Evans, Registrar
Secretary of Senate

Subject Notice of Motion -
REPORT, DIVISION OF CONTINUING
EDUCATION

From K.E. Rieckhoff
Department of Physics

Date 20 June 1972

I request that at the next meeting of Senate the following motion be offered for discussion:

Motion:

That the division of Continuing Education report to Senate the goals and purposes of it's offerings in general and in particular of the panel discussion "Chariots of the Gods: Yes or No?"

Rationale for Motion:

I and many of my colleagues are gravely upset ~~about~~ ^{at} that a University panel discussion associated with the name of S.F.U. features among eight members of the panel at best three and at worst just one academic professionally qualified to speak on the subject. I and these colleagues do believe that ^{it} is not the business of the University (and thereby the Division of Continuing Education) to sponsor events that properly fall under the category "popular entertainment".
