## MEMORANDUM

Mr. H. Evans

Registrar

Subject: Submission for Senate Agenda  
Committee

From: D. R. Birch

Dean, Faculty of Education

Date: September 19, 1972

### MOTION:

That the recently approved courses, Education 220-3, 230-3, 240-3 be re-titled as follows:

Education 220-3 Psychological Issues in Education  
Education 230-3 Philosophical Issues in Education  
Education 240-3 Social Issues in Education

### RATIONALE:

Review of course titles reveals that the overly long format of the titles as approved (psychological, philosophical, Social Perspectives on Contemporary Educational Problems) is awkward and would doubtless result in meaningless transcript notation (Psy. Persp. Cont. Education Prob.?)

Re-titling before these courses have been implemented is less disruptive than at a later date.

Therefore, it was determined by unanimous vote at the Faculty of Education meeting of September 8, 1972 to request Senate authorization for re-titling as indicated above.
