Senate

Date April 15, 1969

Subject

S 230 (c)

I have given notice of the following motions in previous Senate meetings and wish to have them appear on the May 12 agenda. Since the Agenda Committee has yet to publish the criteria for requiring supporting papers, none would seem to be required.

- 1. THAT the grades assigned to students withdrawing from course be as follows:

For students withdrawing before the final date for withdrawal - W

For students withdrawing after the final date for withdrawal:

If the student is passing at the time of withdrawal - WP

If the student is failing at the time of withdrawal - WF

S 230 (b)

- 2. THAT Senate meetings return to their former starting time of 5:30 pm.
