Paper S-1

To: Senate

From: Registrar

24 April, 1967

Subject: Recommendation from Senate Committee
on Undergraduate Admissions and Standings
regarding DEF grades and grade changes.

The attached recommendation was distributed to Faculties in
March in order to have their comments available to Senate. Their comments
are attached at the end of the paper.

D.P. Robertson
Registrar

Admission
Standings

March 1967

To: Senate

From: Senate Committee on
Undergraduate Admissions
and Standings

Subject: 1. Deferred Grades
2. Change of Grades

1. Deferred Grades

The following is the present Senate regulation regarding
Deferred Grades:

"The letter grade DEF will be given when a physician's certificate or other document substantiating a request for deferment on medical or compassionate grounds is received by the Registrar within four days of the date from which the examination was to have been written or when the instructor in the course wishes to defer submitting a final mark pending completion of further work from the student. The awarding of the letter grade DEF will be subject to agreement between the Registrar and the instructor, as will be the method of establishing the new grade."

The intention of the phrase, "subject to agreement between the Registrar and the instructor" was to insure some degree of equity across the University in awarding this concession to students by funnelling all requests through one central agency.

Unfortunately the nature of our course grading procedure makes this procedure impossible. There just is not time to secure agreement. The Registrar has sometimes disallowed DEF grades because he could not reach the instructor and the grades had to be sent out to the students.

/RECOMMENDATION...

RECOMMENDATION

The Senate Committee on Undergraduate Admissions and Standings therefore recommends

- (a) that the Registrar accept and record any deferred grades submitted through the Head of Department by the instructor in the course.
- (b) that all unchanged DEF grades be automatically converted to F after the 5th day of lectures of the semester immediately following the one in which the grade was awarded. In exceptional cases the Senate Committee on Admissions and Standings may grant an extension on petition by the Head of the Department of the course concerned.

conial
11-11

2. Change of Grades

The University does not have any policy regarding the changing of course grades. The attached report prepared in the office of the Registrar indicates that course grade changes are not infrequent. The Registrar has been changing grades on the written notice of instructors, only occasionally querying large numbers or wide fluctuation.

The Committee is of the opinion that some guidelines are advisable and therefore recommends

- (a) that all course grades require the approval and initial of the Department Head or his delegate before being submitted to the Registrar
- (b) that all course grade changes require the approval and intial of the Department Head or his delegate before being submitted to the Registrar
- (c) that course grade changes be permitted up to but not beyond the 5th day of lectures of the semester immediately following the one in which the grade is awarded. In exceptional cases the Senate Committee on Admissions and Standings may grant an ~~extension~~ on petition by the Head of the Department of the course concerned.

SIMON FRASER UNIVERSITY

Deferred Grades

MEMORANDUM

SM 1/5/67

To Mr. P. Robertson

Registrar

Subject Deferred Grades

From A.R. MacKinnon

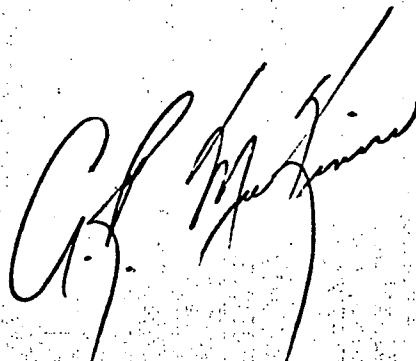

Dean of Education

Date April 4, 1967

I have discussed this matter with faculty members and they have given me the following views:

1. Some kind of order needs to be introduced into the question of deferred grades.
2. If the tenth day of lectures of the semester immediately following the one in which the grade was awarded could be taken as a general criteria, this extra time will avoid making mistakes.
3. A change of grades should be made as well when the period up to the tenth day of lectures of the semester immediately following the one in which the grade was awarded.

ARM/bf

SIMON FRASER UNIVERSITY

MEMORANDUM

SM 1/5/67 *Deferred Grades*

To..... Senate

From..... Office of the Dean of Arts

Subject..... DEF grades

Date..... April 17, 1967

The Faculty of Arts agreed at its April 6 meeting to recommend to Senate that the entries on page 44 of the 1967-68 calendar relating to the DEF grade be deleted and the following substituted:

The letter grade DEF will be given when the instructor in the course wishes to defer submitting a final mark pending completion of further work by the student. Work must be completed and a grade assigned by the last day of instruction in the next semester. In exceptional or unusual circumstances the instructor may grant a further extension of this time limit.

The grade reverts to F if the required work is not completed satisfactorily within the time limit.

A course for which the letter grade DEF is given will not be assigned credit nor will it be used in calculation of the student's grade point average.
