Question was called, and a vote taken.

MOTION CARRIED

iii) Senate Committee on Agenda and Rules

a) Paper S.80-164 - Report - Senate Committee on Student Representation

The chairman of SCSR, P. Armitage, and members P. Wagner and J. Walkley were in attendance to support the proposal which had been two years in development processes and involved considerable consultation.

The Chairman of Senate drew attention to the procedures it was intended to follow in dealing with the report, as recommended by the Senate Committee on Agenda and Rules, and as set forth in Paper S.80-164. Under those proposals in the event that Motion 1 of the paper was approved, there would then be motion that the report be approved and Senate would proceed with discussion and action on the eight recommendations, and their components, of the SCSR report seriatim. Under the procedures each of the eight recommendations could be debated individually, with amendments if desired, and amendments voted upon individually. When this was completed Senate could then vote upon the report, as amended, in its entirety, and/or consider any other appropriate motion.

If the vote on Motion 1 was in the negative, motion would immediately be given as set forth in S.80-164 as a notice of motion for debate and action immediately at the December 1 meeting.

Moved by J. Munro, seconded by W. Litwin,

Motion 1. "That Senate consider the report of the Senate Committee on Student Representation."

A number of Senators enquired concerning alternative ways of addressing the report, with some indicating desire to discuss the report "in toto" but without debating individual items or proceeding seriatim. Following discussion there was decision to proceed as had been recommended by the Agenda Committee. W. Litwin challenged that the procedure was not in keeping with statements made in the minutes of the last meeting and of decisions at that time, but vote was undertaken and the decision of the Chair was upheld. Some members expressed the view that failure to debate fully the individual items would represent a breach of faith and be unfair to the Committee which had prepared the report; others expressed the view that the report exceeded the terms of reference of the Committee, that some recommendations were too extreme and that debate on individual items generally would be non-productive as the total impact of the report would not be acceptable to them. Some

members indicated their desire to have a systematic requirement for student representation applicable to all units while others argued for differences where obviously appropriate for different units.

Question was called, and a vote taken.

MOTION 1 FAILED  
15 in favor  
16 opposed

Moved by J. Munro, seconded by K. Rieckhoff,

Motion 2. "That each Faculty be directed to discharge its responsibilities under Section 39(b) of the University Act and to report back to the Chairman/Secretary of Senate by February 10, 1981."

An amendment was moved by T. McNabb, seconded by L. Hale,

"That the following be added to the motion: 'and that this report contain a description of the amount and type of student representation on each of the several decision making and/or advisory bodies within the Faculty and within any associated academic program of the Faculty as well as a description of the method(s) used to select the student representatives for these decision making and/or advisory bodies;

or shall indicate that the Faculty and its associated academic programs have accepted the recommendations of the Senate Committee on Student Representation and shall give a definite date for the full implementation of these recommendations.'"

Considerable discussion followed. J. Munro proposed an amendment, "That the amendment be amended by deleting everything in the second paragraph commencing, 'or shall indicate ...'" This was not accepted by the Chair as it was contrary to the intention of the amendment.

Question was called on the amendment, and a vote taken.

AMENDMENT CARRIED

Debate ensued on the amended motion and it was pointed out that as consideration of the report seriatim had been rejected, the intent was that the framework of the report could be a consideration in the report to be made to Senate by the individual Faculties.

Amendment was moved by F. Einstein, seconded by M. Mackauer,

"That the last paragraph commencing 'or shall indicate ... recommendations' be deleted from the amended motion."

J. Crawley called the question.

Question was called on the amendment, and a vote taken.

AMENDMENT FAILED

Question was called on the motion as amended, and a vote taken.

MOTION AS AMENDED CARRIED

Reports from Faculties are to come forward to the Chairman of Senate or to the Secretary of Senate in order that they can be appropriately compiled before transmission to Senate; that if there is to be reference in the report from any Faculty for inclusion of any specific recommendation from the Committee's report it will be necessary that the specific recommendation now being made be clearly stated and not merely noted through cross reference to the earlier report; that the item refers to a definite date for full implementation but any regulatory submissions require approval by Senate, and some likely by the Board, before implementation could be entertained.

- iv) Senate Committee on Agenda and Rules/Senate Library Committee
  - a) Paper S.80-165 - Proposed Changes in Membership and Structure - Library Penalties Appeal Committee (LPAC)

"That Senate approve the terms of reference and the terms of membership for the Senate Committee on Academic Planning as shown in Attachment IA."

The Chairman stated that the University Act provides that the President is a member of all standing committees of the Senate (except

the standing committee on appeals) and that he has no intention of relinquishing that position on SCAP. He added that the major responsibility for planning should rest in the office of the Vice-President, Academic.

The original proposal from SCAP on the Committee structure had not been accepted by SCAR and changes had been made by that body before submission to Senate. M. Mackauer was opposed to voting privileges for the Vice-President, Administration.

Amendment was moved by K. Rieckhoff, seconded by M. Mackauer,

"That the Vice-President, Administration be a non-voting member of the Senate Committee on Academic Planning."

Moved by W. Litwin, seconded by L. Palmer,

"That Paper S.80-166 be referred back to the Senate Committee on Academic Planning."

Question was called on the motion to refer, and a vote taken.

MOTION TO REFER FAILED

Discussion centred on the proposed amendment and the appropriateness of voting privileges as suggested. J. Munro indicated that the responsibilities of the Vice-President, Administration already include a number of planning functions and that in a non-voting role the Vice-President, Administration would be reluctant to participate in proceedings of the Planning Committee and that voting rights should be given.

Question was called on the amendment, and a vote taken.

AMENDMENT CARRIED

Amendment was moved by B. Clayman, seconded by H. Weinberg,

"That all members of SCAP be voting members."

Question was called on the amendment, and a vote taken.

AMENDMENT FAILED

Amendment was moved by K. Okuda, seconded by T. Calvert,

"That the proposed student Senator position be deleted to maintain balance of membership."

K. Okuda was of the opinion that reasonable balance exists between members elected by Senate and those appointed as academic administrators.

Question was called on the amendment, and a vote taken.

AMENDMENT FAILED

Question was called on the main motion, as amended by eliminating voting privileges of the Vice-President, Administration, and a vote taken.
