Admission & Standings

TO: SENATE

PAPER - 3 D

REPORT TO SENATE FROM COMMITTEE ON
UNDERGRADUATE ADMISSIONS & STANDINGS

September 23, 1966

At the August 29th meeting of Senate the question of academic standings was referred to the Senate Committee on Undergraduate Admissions and Standings.

The Committee met and discussed the possibility of formulating a policy for consideration by Senate and finally decided that before this could be done a great deal of study of examination results and comparative data would have to be undertaken. The Committee is carrying on this study and hopes to have a recommendation for Senate at a later date.

D. P. Robertson
Registrar,
Chairman of Senate Committee on
Undergraduate Admissions and
Standings
