General Information

EDUCATION 406-5 PROFESSIONAL IN-SERVICE PRACTICUM

Calendar Description: [EDUC 406-5]... "for practising teachers who wish to implement new curriculum or instructional techniques in their own classroom, a supervised practicum is offered in conjunction with other university coursework."
Grading : Pass/Withdraw.

EDUC 406-5 provides a structure for teachers to play an active role in defining the content of their studies using their own classrooms as the setting for professional development. EDUC 406-5 includes the following components: classroom work; seminars; and instruction in the theory and practice of implementation.

i) Classroom work : This component recognizes that feedback, coaching, consultation and other aspects of on-site supervision are important features of successful implementation. EDUC 406-5 includes visits by a trained supervisor for observation and support. (approx.30 hours)

ii) Seminars : This component provides a forum for teachers to learn from one another. The seminar is scheduled on a regular basis to monitor progress, discuss common concerns and solve problems. (10-20 hours)

iii) Theory and practice of implementation : This component allows teachers to systematically explore school-based implementation and planned change through scheduled activities like guest speakers, demonstrations and attendance at related events. (10-20 hours)

Related coursework : EDUC 406-5 is usually taken in partnership with some other educational study. It emphasizes the process of implementation and encourages teachers to identify relevant content unique to their needs. A fourth component is thus implied; systematic educational study like recent or concurrent university coursework.

Kamloops - Spring 1985

Prerequisite: Educ. 406
is for practising teachers
or by permission of the
instructor.

Max. enrolment: 12
