**DESCRIPTION**

This course is designed to show you how to develop positive classroom experiences while building meaningful and respectful relationships with students. In this course we will explore questions regarding classroom management and introduce a variety of models of classroom management. In this process, you will be encouraged to assess these models while at the same time examining and clarifying your own beliefs regarding classroom management. This investigation coupled with an examination of management strategies will provide a basis for organizing worthwhile and productive learning experiences while developing personal philosophies on classroom management.
