DESCRIPTION

This course examines the theories, principles and research of educational psychology that are applicable to teaching. It includes a significant "learning-to-learn" component in which students complete questionnaires and activities to develop their learning skills. Over the 13-week semester students will attend two lectures and one tutorial each week. As an option, students can learn to use designated software as an aid to writing the think paper and studying for exams.

EVALUATION

- Exam 1 (10%)
- Exam 2 (20%)
- Exam 3 (30%)
- Strategy reflection paper (15%)
- Think paper (25%)
