

## SENATE SUMMARY

### MEETING OF APRIL 13, 2015

#### 1. **Report of the Chair**

The Chair reported that he and Nimal Rajapakse, Dean of Applied Sciences, recently accompanied Advanced Education Minister Andrew Wilkinson and Deputy Minister Sandra Carroll on the first leg of their trip to China. In Beijing, the group met with graduate students in the new dual-degree Master's program in Global Communications at the Communication University of China (CUC). In Hangzhou, the group met with 49 undergraduate students enrolled in the Dual Degree Program in Computing Science at Zhejiang University.

The Chair reported that he and Joy Johnson, Vice-President Research, were in Toronto on March 16 to hear Finance Minister Joe Oliver announce \$10.7 million in funding over five years for the Zones of Incubation and Innovation Network, a consortium of SFU, Ryerson University, and the University of Ontario Institute of Technology. \$5 million will be coming to SFU to expand its incubation and acceleration programs, including Venture Connection and VentureLabs, and to link to ZoneStartups India, the Bombay Stock Exchange-based accelerator in which Ryerson and SFU are partnered.

The Chair reported that SFU was nominated to host one of Compute Canada's four new national Advanced Research Computing (ARC) systems, a significant milestone given that SFU was nominated to host the largest of the General Purpose (GP) systems.

The Chair reported that he and John O'Neil, Dean of Health Sciences, and others attended the announcement of the First Nations Health Authority Chair in Heart Health and Wellness on March 14. This partnership between SFU, the First Nations Health Authority, and St. Paul's Hospital Foundation is the first of its kind in Western Canada and will lead research and education efforts, and guide policy on First Nations' heart health and disease prevention.

The Chair reported that the Trottier Observatory will officially open on Friday, April 17. The opening will celebrate the contribution of the Trottier Foundation to create this facility, which will be a hub for engagement activities and outreach programs for students, including those outside the University in the high school and elementary school systems.

The Chair reported on alumni receptions in Kelowna, Kamloops, and Toronto. The events were well attended by alumni, who are excited about the upcoming 50<sup>th</sup> anniversary celebrations in 2015. In Kamloops, the Chair had the opportunity to meet with former SFU president Ken Strand.

The Chair reported that the Louis Riel residence closure was a difficult decision, driven by the overriding need to protect the health and safety of SFU students and their families. The University will be working with those affected by the closure to find alternate accommodations.
