MEMORANDUM

ATTENTION SCUS
FROM Rummana Khan Hemani
Registrar & Executive Director,
Student Enrollment
RE: Proposed List A and B Grade 11 & 12 Courses for Canadian (including BC) High
School Applicants

DATE December 6th, 2018

I. Proposed Motion for SCUS

That the Senate Committee on Undergraduate Studies approve, under delegated authority, the Grade 11 and 12 List A and B courses for each faculty.

II. Background

The new Fall 2020 BC curriculum has been finalized. As a result of the new curriculum courses, the Faculties have revised their Lists A and B Grade 11 and 12 courses for the programs to which they admit. Faculties individually determined the placement of courses in either List A or B based on their chosen criteria. In addition, some Faculties adjusted their List A and B courses and minimum course requirements. Notations indicating changes are throughout the documents and the Fall 2019 admission requirements are attached, for reference (Appendix 6). For all Faculties, English Studies 12 (or equivalent) is in List A and Grade 11 courses are in List B.

Also beginning in Fall 2020, admission requirements for the rest of Canada will align with the BC admission model.

III. Approved New BC Curriculum Courses

Refer to Appendix 1

IV. Faculty Specific List A and B course requirements for BC 12 admission

Refer to Appendix 2

V. Faculty Specific List A and B course requirements for CAN 12 (i.e. rest of Canada) admission

Refer to Appendix 3

VI. Fall 2019 Admission Requirements (for reference)

Refer to Appendix 4

Notation: Admissions has received additional information about the Literacy and Numeracy Assessments from the Ministry of Education. These assessments are offered to high school students in their Grade 10 year; as such the Literacy and Numeracy Assessments are not strong indicators of university success and will not be used as part of the admission evaluation. All students, however, must be proficient in literacy and numeracy to be considered for admission.
