RE: SAT/ACT Exam optional

SAT/ACT

Motion 1:

“For the 2021 admission cycle (i.e. Spring, Summer and Fall 2021 admission terms), the SAT/ACT admission requirement for applicants with an American basis of admission (i.e. US12) will be optional rather than required.”

Background

Due to the outbreak of COVID-19, SAT/ACT testing centers across the world are closed. As a result, applicants requiring the SAT/ACT to satisfy the US12 admission requirement are unable to do so. Many institutions across North America, including UBC and UVic, have made the SAT/ACT test-optional. More information is available here: <https://www.fairtest.org/more-half-all-us-fouryears-colleges-and-universiti>

In addition, by providing US12 applicants the opportunity to apply to SFU using a combination of junior and senior grades, their admission aligns more closely with our admission model for Canadian applicants.
