SPRING 2022

**RATIONALE** (must be included)

This class is taken by students from the CMPT, MACM and MATH programs. Success requires baseline skill in computing and math and additional skill in at least one of the two areas. Recently we have seen students doing poorly in the class when they take it with insufficient computing skill. CMPT 307 has some 2xx math requirements but the listed MATH classes do not require any computing. Additionally, MATH 332 is no longer taught.
