Name of Program or Name of Faculty School of Criminology
Rationale for change: In Fall 2022, CRIM 203 (Historical Reactions to Crime and Deviance) was converted to an upper division course (CRIM 303) in order to create more access to seats at the upper div level for students in all of our CRIM programs. This was needed due to the loss of CODE seats that was occurring at that time. The result of this change was that the Joint Major in CRIM/Sociology has one less lower division requirement (CRIM 203), and one more upper div requirement (CRIM 303). This brings the upper div required courses to seven in total (four in CRIM and three in Sociology), which leaves less flexibility for students at the upper div level. This change will bring the upper div required courses back to six, which is where it sat prior to the conversion of CRIM 203 to CRIM 303. CRIM 303 is a course that is offered less often than the other required courses at the upper div level, and as such should be recommended for students rather than required.
Effective term and year: Fall 2024
The following program(s) will be affected by these changes: Sociology and Criminology Joint Major

Rationale for change:

In Fall 2022, CRIM 213 (Women and Criminal Justice) was converted to an upper division course (CRIM 304) in order to create more access to seats at the upper div level for students in all of our CRIM programs. This was needed due to the loss of CODE seats that was occurring at that time.

The result of this change was that the Joint Major in CRIM/GSWS has one less lower division requirement (CRIM 213), and one more upper div requirement (CRIM 304). This brings the upper div required courses in CRIM to five, which leaves less flexibility for students at the upper div level. This change will bring the JMA in CRIM/GSWS in line with the CRIM Major program which has four upper div required courses.

CRIM 304 is a course that is offered less often than the other required courses at the upper div level, and as such should be recommended for students rather than required.

<p>Rationale for change:</p> <ol style="list-style-type: none"> Following the external evaluation of the Department of French, which took place in April 2022, a report was drawn up by the evaluators. In this report, the evaluators recommended updating the department's courses and programs. The changes proposed below are in direct response to the external evaluators' recommendations and suggestions. They are also in line with the guidelines we have received from the Dean's office. The changes proposed below are also a response to the crisis in student enrolment in the department. The number of enrolments per semester in the department's programs is far too low. The aim of the proposed changes is therefore to increase enrolment in our Joint Major programs. The proposed changes are also designed to rethink the way the French language is taught (in particular the sequence of language courses at the 100 and 200 levels) and to offer students greater flexibility in the creation of personalized pathways. We no longer wish to work in "silos" but rather in an interdisciplinary way, something that the students themselves have been asking for. We are therefore adapting our program structure to better respond to today's students' expectations.

Department of French

Rationale for change:

1. Following the external evaluation of the Department of French, which took place in April 2022, a report was drawn up by the evaluators. In this report, the evaluators recommended updating the department's courses and programs. The changes proposed below are in direct response to the external evaluators' recommendations and suggestions. They are also in line with the guidelines we have received from the Dean's office.
2. The changes proposed below are also a response to the crisis in student enrolment in the department. The number of enrolments per semester in the department's programs is far too low. The aim of the proposed changes is therefore to increase enrolment in our Joint Major programs.
3. The proposed changes are also designed to rethink the way the French language is taught (in particular the sequence of language courses at the 100 and 200 levels) and to offer students greater flexibility in the creation of personalized pathways. We no longer wish to work in "silos" but rather in an interdisciplinary way, something that the students themselves have been asking for. We are therefore adapting our program structure to better respond to today's students' expectations.

Rationale for change:
(1) To reflect the deletion of SA 203. (2) PSYC 106 (a special topics course) is being removed as an optional course because its topic is no longer appropriate for the Social Justice Certificate. (3) Language about steering committee approval for a special topics course is being removed because it was originally put in place to address PSYC 106, a special topics course. This language is no longer necessary given that PSYC 106 is being removed. It also created confusion for students and numerous requests to substitute a wide variety of courses in SA and Criminology.

Calendar Entry Change

Faculty of Education, Preservice Professional Studies

Rationale for change:

Rationale for change of units required for Elementary PDP admission.

Starting in Fall 2024, PPS aims to adjust the admission requirements for the PDP at the Elementary level. The new criteria will mandate 90 units of undergraduate coursework at the time of application, up from the current 76 units.

This adjustment mainly affects applicants in elementary-level teaching, who often apply without a completed degree. By entering the program with 90 units completed, students will be closer to their undergraduate degree completion after finishing the PDP. Those who currently enter with 76 units are often met with challenges in meeting deadlines for completing their degrees within the 5-year window mandated by the Conditional Certification of the Ministry of Education to teach in BC.

The change aims to unify the wording of requirements across all PPS programs and the commitment towards evaluating applications flexibly, especially for Indigenous, rural, and remote candidates.

Rationale for changing the Secondary admission requirements for PPS programs.

PPS aims to streamline the understanding of Secondary teachable subjects for applicants to the teacher education programs:

- PPS will align teachable subject names with the BC school system rather than SFU department names.
- References to specific "majors/minors" exclusive to SFU will be removed, recognizing a diverse applicant pool from various universities.
- Such references will be eliminated to avoid confusion from frequent SFU department name changes. This also gives PPS flexibility to introduce new subjects.
- PPS will specify unit requirements for teachable subjects, making it consistent with the BC Teacher Regulation Branch (TRB) and other BC teacher education programs. This clarity will benefit both domestic and international applicants.
- Specifically, a primary teachable will require 30 units with 24 Upper Division units, replacing the term "major." A secondary teachable (~~like Dance, Theatre, or Computer Science~~) will need 30 units with 15 Upper Division, replacing "minor." These unit counts align with BC TRB standards and reflect the existing criteria closely.

Students planning to teach at the secondary level must complete requirements prior to commencing the PDP except BEd candidates who cannot complete their degree until they have successfully completed the PDP. These BEd candidates complete ~~one teachable major or two teachable minors~~ **30 units in a teachable subject, (24 of which must be upper division) or 30 upper division units in two teachable subjects, (with 15 units of upper division in each subject)** prior to commencing PDP. Admission selection is generally given to students whose applications show experience with and commitment to community service that may include teaching or other helping roles.

Because of the number of well-qualified ~~PDP~~ **teacher education program** applicants, it is unlikely that candidates who have been unsuccessful in four previous competitions will be considered favourably in any subsequent competition. Those who have been unsuccessful in gaining entry on at least four occasions are discouraged from further application.

Program Requirements

The program's duration is four terms.

Professional studies and activities are arranged in the following sequence.

In the first term, students complete

[EDUC 400 - Foundations of Education and Schooling \(15\)](#) *

Through a combination of on-campus seminars and guided field experiences, students will investigate the historical, philosophical, social and cultural foundations of education and schooling, and begin to develop professional orientations and identities that recognize the expectations and responsibilities of practicing teachers. Grading is on a pass/withdraw basis.

External versions of the PDP may substitute 15 units of education coursework in lieu of EDUC 400.

In the second term, students complete both of

[EDUC 401W - Introduction to Classroom Teaching \(8\)](#) *

[EDUC 402W - Studies of Educational Theory and Practice \(7\)](#) *

These courses are offered as an integrated program, combining theory and practice in both on-campus seminars and in-school practice in the second term of PDP. This is accomplished by alternating blocks of classroom teaching with workshops and instruction on campus.

During EDUC 401, students are assigned to a teacher (school associate) identified by school authorities and supervised by a faculty associate appointed by the university. Students observe, teach and participate in school routines and programs.

During EDUC 402, students participate in the study of teaching and learning, and make meaning of the complex world of educational practice, informed by extensive study of pedagogical literature.

In the third term, students complete

[EDUC 404 - Coursework Semester \(0\)](#) **

Students' complete enrollment in this course in consultation with the undergraduate program advisor, faculty members, and the student's faculty associate, to ensure that professional, academic and certification requirements are satisfied, or to satisfy the educational requirements of designated ~~PDP~~ PPS modules. Students undertake 15 units of upper division study in education.

Students completing degrees from the Faculties of Applied Sciences, Arts and Social Sciences, Business Administration, Communication, Art, and Technology, Environment, Health Sciences or Science may apply credit for EDUC 404 to that degree.

To be recommended for certification, in EDUC 404 students must achieve a minimum 2.0 grade point average in courses taken towards the EDUC 404 requirement (or receive a P in Pass/Fail courses).

See [EDUC courses](#) for prerequisites and grading.

In the fourth term, students complete

[EDUC 405 - Teaching Semester \(15\)](#) *

This course is a term of classroom experience supervised by university appointed faculty associates. The school placement is appropriate to the educational level and subject specialties in which the student expects to obtain certification. Students assume a large measure of responsibility and participate in a wide range of teaching and supervisory activities. School placements are made in school districts throughout the Lower Mainland.

* not offered in summer term

** this zero-unit course functions as an umbrella course where the student completes 15 units of course work

French Education

Normally, practicum placements are available in French Immersion, Core French and ~~P~~programme ~~F~~francophone for grades 5-12 are normally available. The majority **Most** of the program **placements and instruction in** Immersion and ~~P~~programme ~~F~~francophone is offered in French.

General Regulations

Students complete normal Simon Fraser University enrollment procedures before commencing studies in any term of the professional development program.

Successful applicants will be required to undergo a criminal record check. If the check indicates the applicant has a criminal record, that may preclude continuation in ~~PDP~~ **the teacher education program.**

Students must meet program goals, as outlined in the Preservice Professional Studies **Student Handbook.**

Those with valid reasons may be given permission by the ~~ed~~ Director of Professional Programs to interrupt their program. A formal request must be submitted in writing to the ~~ed~~ Director, Professional Programs. A program interruption requested by a student may normally last no longer than two years.

Students who indicate their intention to undertake a given ~~PDP~~ term and then do not honour this commitment are considered to have withdrawn from the program. Permission to re-enter is not given automatically.

Readmission

Students who withdraw from EDUC 400 must re-apply through Preservice Professional Studies Admissions.

EDUC 401/402: Students may apply for re-entry into EDUC 401/402 by the September 15 deadline for the following two spring terms. Students must meet the conditions for re-entry outlined in their withdrawal paperwork. An interview may be required. Applications must be submitted within two years of the withdrawal. Re-entry is competitive; there is no guarantee of admission to a particular term.

EDUC 405: Students may apply for re-entry by September 15 for the spring term or March 15 for the fall term. Students must meet the conditions for re-entry outlined in their withdrawal paperwork. An interview may be required. Applications must be submitted within two years of the withdrawal. Re-entry is competitive; there is no guarantee of admission to a particular term.

A student withdrawn from EDUC 405 for a second time may not re-enter the program unless by appeal.

Residency Requirements and Transfer Credit

- At least half of the program's total units must be earned through Simon Fraser University study.
- At least two thirds of the program's total upper division units must be earned through Simon Fraser University study.

Calendar Entry Change
Faculty of Education, Preservice Professional Studies

Rationale for change:

Rationale for change of units required for Elementary PLP admission.

Starting in Fall 2024, PPS aims to adjust the admission requirements for the PLP at the Elementary level. The new criteria will mandate 90 units of undergraduate coursework at the time of application, up from the current 76 units.

This adjustment mainly affects applicants in elementary-level teaching, who often apply without a completed degree. By entering the program with 90 units completed, students will be closer to their undergraduate degree completion after finishing the PLP. Those who currently enter with 76 units often met with challenges in meeting deadlines for completing their degrees within the 5-year window mandated by the Conditional Certification of the Ministry of Education to teach in BC.

The change aims to unify the wording of requirements across all PPS programs and the commitment towards evaluating applications flexibly, especially for Indigenous, rural, and remote candidates.

Rationale for changing the Secondary admission requirements for PPS programs.

PPS aims to streamline the understanding of Secondary teachable subjects for applicants to our teacher education programs:

- PPS will align teachable subject names with the BC school system rather than SFU department names.
- References to specific "majors/minors" exclusive to SFU will be removed, recognizing our diverse applicant pool from various universities.
- Such references will be eliminated to avoid confusion from frequent SFU department name changes. This also gives PPS flexibility to introduce new subjects.
- PPS will specify unit requirements for teachable subjects, making it consistent with the BC Teacher Regulation Branch (TRB) and other BC teacher education programs. This clarity will benefit both domestic and international applicants.
- Specifically, a primary teachable will require 30 units with 24 Upper Division units, replacing the term "major." A secondary teachable subject will need 30 units with 15 Upper Division, replacing "minor." These unit counts align with BC TRB standards and reflect our existing criteria closely.

Effective term and year:
Fall 2024

The following program(s) will be affected by these changes:

Program Requirements

The program's duration is four terms.

Professional studies and activities are arranged in the following sequence.

~~In the first term,~~ students complete

EDUC 402W - Studies of Educational Theory and Practice (7) *

In EDUC 402, student teachers begin the study of the literature of education and examine educational issues. Campus-based seminars will introduce theory, concepts and methodologies relevant to teacher development. Student teachers may also attend curriculum workshops to become more familiar with a vast array of educational resources. During the first term, the goal is to make meaning of the vast and complex world of educational practice, and have this meaning informed by the extensive study of the literature and by thoughtful, reflective discourse.

EDUC 407: Professional Growth Portfolio: Developing a Solid Foundation (3)

In EDUC 407, students explore the use of first-person narratives and reflections on lived experiences. This course aims to develop a strong foundation of knowledge and understanding of the history of Indigenous Education, Inclusive Education, and Anti-Racist/Anti-Oppression Education. EDUC 407 involves the beginnings of a Professional Growth Portfolio which highlights student learning and goals for future consideration. (3 Units) *concurrent with EDUC 402

~~In the second term~~ Next, students complete

EDUC 403 – Studies in Teaching and Learning (14)

During EDUC 403 (part-time studies), students will need to take a 6-week leave from their paid work in order to complete a ~~short practicum~~ **school experience** in a **classroom school** with a supervising teacher. Students also attend seminar classes each week on some Wednesdays and Saturdays. The course integrates in-school experiences with theoretical concepts discussed in seminars which are held during evenings and weekends. Students observe, practice teaching, and reflect on experiences in their practice teaching placement, and use these to further their understanding and practices as future teachers.

EDUC 408 Professional Growth Portfolio: Building a Framework for Current Practices (3)

EDUC 408 includes explorations of current practices in school contexts in relation to Indigenous Education, Inclusive Education, and Anti-Racist/Anti-Oppression Education. Students will build upon the portfolio started in EDUC 407 to include new learnings and goals for future consideration in the context of curriculum and schools. *concurrent with EDUC 403. ~~(This semester includes a 6-week school experience)~~

~~In the third term, students complete~~

EDUC 404 - Coursework Semester (0)**

All PLP student teachers are required to take a minimum of 15 units of upper division education courses in order to complete the Professional Coursework requirements for certification.

Courses can be taken over one or more terms to accommodate work schedules. With careful course and minor selection, student teachers can also complete a Bachelor of Education (BEd) as a second degree without adding any extra time or cost to the program. An Advisor will provide more information on this option during the first term of the program.

To be recommended for certification, in EDUC 404, students must achieve a minimum 2.0 grade point average in courses taken towards the EDUC 404 requirement (or receive a P in Pass/Fail courses).

~~In the fourth term~~ **Lastly**, students complete

EDUC 405 - Teaching Semester (15) *

During EDUC 405, student teachers are assigned to a classroom for 10-12 weeks of student teaching experience. The school associate and faculty associate provide help and guidance, as well as make assessments of students' growth toward the achievement of standards of professional competence. The school placement is appropriate to the educational level and subject specialties in which the student expects to gain certification. All PLP student teachers must arrange with their districts for a full-time leave of absence for the entire practicum of EDUC 405. Students assume a large measure of responsibility and participate in a wide range of teaching and supervisory activities. Students will be placed by the placement coordinator in local schools in the Lower Mainland or Fraser Valley. Students must be prepared to travel a distance to attend their school placements.

EDUC 409 Professional Growth Portfolio: Capstone Project (3)

EDUC 409 includes the collection of evidence of the integration of Indigenous Education, Inclusive Education, and Anti-Racist/Anti-Oppression Education within the student teacher's practice during their certifying practicum. This evidence informs the Capstone Portfolio Project which highlights learning and growth throughout the PLP and sets goals for the future, thus providing a bridge from the role of a student teacher to beginning teacher (3 Units) *concurrent with EDUC 405 (~~This semester includes a 10-week practicum~~)
