

SIMON FRASER UNIVERSITY

MEMORANDUM

To: Senate

From: Roger Blackman, Chair
Senate Committee on Undergraduate Studies

Subject: Curriculum Revisions
Faculty of Applied Sciences
(SCUS Reference 03-28)

Date: December 11, 2003

School of Kinesiology

Action undertaken by the Senate Committee on Undergraduate Studies at its meeting of November 13, 2003 gives rise to the following motion:

"That Senate approve the change to Grade 11 Admission Requirements in Kinesiology for British Columbia and Yukon applicants, as set forth in S. 04 - 2, effective 2004-3.

FOR INFORMATION

Acting under delegated authority, at its November 13 and December 9, 2003 meetings, SCUS approved the following curriculum revisions in the following schools:

- a) School of Kinesiology
- b) School of Communication

Any Senator wishing to consult the full report of curriculum revisions should contact Bobbie Grant, Senate Assistant at 291-3168 or email bgrant@sfu.ca

9. Change to Grade 11 Admission Requirements for British Columbia and Yukon Applicants

Current	Proposed
<ul style="list-style-type: none">• English 11 or Français première langue 11• language 11• principles of mathematics 11• chemistry 11• principles of physics 11• biology 11	<ul style="list-style-type: none">• English 11 or Français première langue 11• language 11• principles of mathematics 11• chemistry 11• principles of physics 11

Rationale: Biology 11 has been deleted because it is not a prerequisite for Biology 12. Biology 12, "Human Biology" is the course that is relevant and important for prospective Kinesiology majors. This now makes the Grade 11 admission requirements for the School of Kinesiology identical to the Grade 11 admission requirements for the Faculty of Science and the School of Engineering Science as described on page 41 in the current Calendar.

As this change benefits some applicants without detracting from the admissibility of any applicant, it should become effective immediately (i.e., for 2004-3 applicants). No phase-in provision is required.

FOR INFORMATION

a) School of Kinesiology

- i. New course: KIN 180 – Introduction to Ergonomics
- ii. Deletion of KIN 418
- iii. Change of description for KIN 105, 301, 444, 445, 496, 498
