

Office of the Vice-President, Academic

Memorandum

TO: Senate

FROM: John M. Munro
Vice President, Academic

RE: Department of English External
Review

DATE: 1 May 2000

In June 1997, the Senate Committee on Academic Planning (SCAP) received the external review report and departmental response for the Department of English.

Since over three years has passed since the external review and departmental response for the Department of English, I do not think it would be useful to bring the external review to Senate. The report may, however, be of interest to some of the members of SCAR and some Senators, and anyone wishing to review the documents which were reviewed by SCAP should contact Sue Roppel.
