**For Information**

Acting under delegated authority, SCUS approved revisions to the calendar section related to the Associate of Arts/Science Degree Holders. Graduates with Associate of Arts or Associate of Science degrees from BC or Yukon community colleges are offered first priority in admission to the Faculties of Arts and Science respectively, subject to a minimum 2.0 admission GPA. Transfer credit will be given for all individually transferrable courses. When the individually assigned credit from all sources totals less than 60 credit hours, additional general elective credit will be assigned to bring the transfer credit total to 60 hours.
