

MEMORANDUM

To.....	H. Evans, Secretary, Senate.	From.....	John S. Chase, Secretary, Senate Committee on Academic Planning
Subject.....	Extended Studies Diplomas - Limitation on Enrolment	Date.....	January 14, 1982

Action taken by the Senate Committee on Academic Planning at its meeting of Wednesday, January 13, 1982, gives rise to the following motion:-

"Motion: That Senate approve and recommend to the Board of Governors that the Department of Business Administration and the Department of Computing Science be permitted to suspend for a period of one year beginning 1 March, 1982 admission to extended studies diplomas centered in their departments."

A number of enrolment restrictions have been approved for the Department of Business Administration and for the Department of Computing Science with strong competition for admission to a number of courses. Approval of the proposal would provide a more equitable mechanism than exists under current regulations as diploma students are granted a high priority. The limitations on space necessitate this action.

The Chairman of the Senate Committee on Academic Planning has been instructed, in cooperation with the Chairman of the Senate Committee on Undergraduate Studies, to establish an ad hoc committee to review the basis and operation of the Undergraduate Registration Priority System. It is proposed that a small committee be established to give consideration to the present system to make appropriate modifications in the light of present experience and current circumstances.
