CURRICULUM CHANGES

p. 56 calendar

The last sentence under PSYCHOLOGY HONORS PROGRAM, Admission:

FROM: Transfer students with 60 hours of credit may be required to take additional courses at SFU before being admitted to the Honors program.

TO: Successful completion of 15 semester hours of Psychology course-work at S.F.U.

RATIONALE: The change specifies the intent of the earlier statement; viz., to ensure that entering Honors students have considerable exposure to SFU Psychology courses and their requirements.

p. 56 calendar

Under Psychology Honors Program, Admission:

Delete: 3) "301-3 Intermediate Research and Data Analysis"

Under Psychology Honors Program, Continuation:

Add: "4) "Successful completion of PSYC 301-3, Intermediate Research and Data Analysis."

RATIONALE: Given the frequency and timing of PSYC 301-3 offerings, the Psychology Department felt that scheduling difficulties (particularly for transfer students) would be greatly reduced if PSYC 301-3 was changed from an admission to a continuation requirement of the Psychology Honors Program. Its function as a prerequisite for PSYC 490 and PSYC 499 (Honors Project seminars) will be maintained through specific changes in course prerequisites.
