

SIMON FRASER UNIVERSITY

MEMORANDUM

131
S.76-128

To SENATE

From SENATE COMMITTEE ON AGENDA AND RULES

Subject OFFERING OF CHEM 420-3, CHEM 423-3
CHEM 424-2

Date SEPTEMBER 16, 1976

MOTION: That Senate approve and recommend approval to the Board of Governors, as set forth in S.76- , that the Department of Chemistry be permitted to offer the following Chemistry courses earlier approved under Paper S.76-10 (adjusted):-

- CHEM 420-3 Clinical Chemistry I
- CHEM 423-3 Clinical Chemistry II
- CHEM 424-2 Clinical Chemistry Laboratory

SIMON FRASER UNIVERSITY

MEMORANDUM

To..... Mr. H. Evans.....	From E.J. Wells.....
..... Registrar and Secretary of Senate..... Chairman, Chemistry Department.....
Subject Clinical Chemistry Course Offerings.....	Date September 2, 1976.....

Our Clinical Chemistry Degree Program was approved through the University committees and finally by Senate on 12th January, 1976. However, the Program has not yet been approved by Universities Council and we are advised that Council is now in the process of establishing a sub-committee which will review all new program proposals. We are further advised that it may be six months before a sub-committee is functional and thus before our full program can go into effect.

Because of student interest and demand, the Chemistry Department intends to offer three of the new courses listed from the proposed Program and these courses will be offered as 400 level upper-division electives to Honors and Majors students in Chemistry and Biochemistry. These are the courses, Chem 420-3, Clinical Chemistry I; Chem 423-3, Clinical Chemistry II; and Chem 424-2, Clinical Chemistry Laboratory. Chem 420 has been offered previously and is being offered again this semester in the evening through Continuing Education with a present registration of 37 students. We intend to offer its successor Chem 423 in Spring 77 and Chem 424 for the first time in Fall 77.

Please make the necessary arrangements to have these courses and their descriptions entered in the University Calendar and in the next Course Guide.
