MEMORANDUM

To.....	SENATE	From.....	B. G. WILSON
.....		VICE-PRESIDENT ACADEMIC
Subject.....	INSTITUTE OF CANADIAN BANKERS PROGRAM	Date.....	JULY 24, 1975

MOTION: "That Senate continue approval for the admission of students who are selected for entry to the Institute of Canadian Bankers Program, who have not otherwise met normal admission requirements, provided they are registered in that Program and will undertake approved courses at this institution."

SIMON FRASER UNIVERSITY

MEMORANDUM

To SENATE

From B.G. Wilson

Vice-President, Academic

Subject Institute of Canadian Bankers
Program

Date 24th July, 1975

In July, 1972, Senate approved my recommendation that, for a three year period, the admission of students who were selected for entry into the Institute of Canadian Bankers Program and who had not otherwise met normal admission requirements be admitted to the University provided that they registered in that program and undertook approved courses at this Institution. A copy of the Senate paper which led to this action, S.72-81, is attached for the information of Senators.

I have recently received the attached recommendation from Dr. R.A.D. Beck of the Department of Economics and Commerce, the present coordinator of the Program, that it be continued on its present basis. His discussions with the representatives of I.C.B. indicated their satisfaction with the Program and their wish to continue with it. Subsequent discussions with the Chairman of the Department of Economics and Commerce and with the Registrar and Director of Admissions showed that, in general, they are satisfied with the Program and the way in which it has operated and feel that it should be continued.

I would thus recommend that Senate approve the admission of students who are selected for entry to the Institute of Canadian Bankers Program and who have not otherwise met normal admission requirements, provided they are registering in that Program and will undertake approved courses at this Institution.

SIMON FRASER UNIVERSITY

MEMORANDUM

To.....	B.G. Wilson	From.....	R.A.D. Beck
	Vice President		Economics & Commerce
Subject.....	Institute of Canadian Bankers	Date.....	July 8, 1975

At the end of this August the program developed by yourself, in conjunction with the Department of Economics and Commerce and initiated for the Institute of Canadian Bankers, will terminate. As you may recall, your office had the approval of Senate to view this program on a three-year trial basis. As a result of this program, the Department of Economics and Commerce was able to increase its faculty size and initiate and maintain a successful evening credit program. Since the Fall of 1972, we have admitted 495 banking students who have taken at least 857 courses from SFU.

The approval by Senate applied to a special category of admission since termed ICB Only. Of our large number of admissions, this special category has accounted for some 75 percent of our total admissions. As is evident from the data provided these special students have demonstrated by their grade distribution that they can perform as favourable as all other types of admissions.

Peter Wood, ICB Director, Montreal, Curt Longman, Regional Director, Western Region, the Vancouver Regional Council and the banking students themselves have expressed a desire for our University to continue this program under the existing conditions.

Both Simon Fraser and the banking community have substantially gained from the existence of this program. We ask on the basis of the above information that you make a recommendation to Senate to continue the present program.

Sincerely,

R.A.D. Beck

MEMORANDUM

SENATE

From B. G. WILSON

VICE-PRESIDENT, ACADEMIC

Subject INSTITUTE OF CANADIAN BANKERS
PROGRAM

Date JUNE 21, 1972

MOTION:

"That Senate approve, for a three year period, the admission of students who are selected for entry to the Institute of Canadian Bankers Program who have not otherwise met normal admission requirements, provided they are registering in that program and will undertake approved courses at this institution."

SIMON FRASER UNIVERSITY

S.72-81

MEMORANDUM

To	SENATE	From	B. G. WILSON
			VICE-PRESIDENT, ACADEMIC
Subject	INSTITUTE OF CANADIAN BANKERS PROGRAM	Date	JUNE 21, 1972

The Institute of Canadian Bankers for a number of years has had in existence programs leading to the ICB Certificate. Discussions have been under way for some time with the Institute concerning desires to utilize a number of regular Senate approved courses of this institution in fulfilment of part of the full ICB Program. Students registered in the ICB Program undertaking the regular approved courses at Simon Fraser University may be exempted up to six full year courses of the twelve required to complete the full ICB Program. Such exemption would be a matter for ICB and not fall under University jurisdiction.

Students in the ICB Program would register for credit, but during the initial three year period would be permitted to convert to audit at the end of the ninth week of classes in a course, but without any fee adjustment.

The majority of persons selected for entry to the ICB Program will have fulfilled Simon Fraser University admission requirements in the normal fashion or through mature student regulations. Some of the individuals selected for entry by the Institute in the past may not have fulfilled these requirements. It is expected that there may continue to be some such persons in the future who would fall in this category.

MOTION

That Senate approve, for a three year period, the admission of students who are selected for entry to the Institute of Canadian Bankers Program who have not otherwise met normal admission requirements, provided they are registering in that program and will undertake approved courses at this institution.

Note: It is the intention to review the progress of persons so admitted in the three year period proposed to make appropriate recommendations at the end of this trial period.

MEMORANDUM

To Mr. H. Evans

From I. Mugridge

Registrar

Assistant Vice-President, Academic

Subject

Date 28th August, 1975

I am attaching a letter from the Regional Director of the Institute of Canadian Bankers, commenting on the continuation of the Institute's arrangements with this University. I should be obliged if this could be distributed to Senators a supplement to the paper on the ICB arrangements already included in the September Senate papers.

Dear Brian:

Sorry for the delay in answering your letter of July 24
but I have been on vacation.

We are very satisfied with the arrangements at SFU and would
be most pleased to have you recommend a continuation on the present
basis.

Many thanks.

Sincerely,

J. C. Longman
