MEMORANDUM

To SENATE - FOR INFORMATION

From D. MEAKIN

Subject CHANGE IN REGULATION - MATURE
STUDENT ENTRY

DIRECTOR OF ADMISSIONS

Date DECEMBER 22, 1971

Senate, at its last meeting, authorized change in age for entry under the Mature Student category and wished report back.

The calendar entry has been prepared as follows:

"Mature Student Entry

- a) A person who is twenty-three years of age or more, or who would reach that age during his first semester in attendance if he were admitted to the University, and who is not eligible for admission under another category may apply for admission.
- b) Admission under this category is at the discretion of the Admissions Board. The Admissions Board must be satisfied that the applicant has sufficiently clear objectives in mind that he is likely to profit from university studies. The Admissions Board may, at its discretion, require applicants to take appropriate tests. Inquiries regarding admission under this category should be directed to the Registrar.
- c) Students who did not complete normal secondary school requirements who wish to take advantage of this admission procedure are strongly advised to communicate with the University at least 12 months prior to the expected date of entry in order that appropriate counselling or testing may occur."
