

TO: Senate FROM: H.M. Evans
 Secretary of Senate.

SUBJECT: Senate Committee on Undergraduate Admissions and Standings. DATE: December 30, 1968.

The Senate Committee on Undergraduate Admissions and Standings at their December 5th, 1968 Meeting requested the Secretary to advise Senate that:

1. This Committee is operating on the current regulations previously adopted and that this Committee requests Senate to direct the Admissions and Standings Appeals Committee of Senate to operate under the terms and conditions of the policies and regulations in force at the time of the student's admission when hearing appeals.
2. That all appeals from students must first be presented to the Senate Committee on Undergraduate Admissions and Standings for a decision before being given further consideration by the Admissions and Standings Appeals Committee of Senate.
3. Normally, a student who has completed 3/4 or more on a four year university system or 2/3 on a three year system of the total credit required for a degree would not be admitted to Simon Fraser University, except where the student has received special permission from his own university to undertake work here as a Special Student for ultimate transfer to a degree programme at his former institution. It was also stipulated that this would apply to all courses undertaken and not only those applicable to the programme in which a student has changed his faculty or major etc.
