The following corrections are to be made in the material submitted for the 1969/70 Undergraduate Calendar in the Faculty of Education section:

- 1. P. 161. Education 403-15 (Teaching Semester) - (not offered in Summer Semester)

REPLACE WITH: Education 405-15 (Teaching Semester) - (not offered in Summer Semester)

NOTE: The assignment of 15 semester hours of credit to the teaching semester, Education 405, formerly Education 403, will apply to students entering the Professional Development Program in September 1968 and subsequent years, and will not be applied retroactively.

- 2. Note 1 under Education 404-15.

REPLACE WITH: NOTE 1: Education 404 will receive full credit towards a B.Ed. Degree. The Faculties of Arts and Science are currently discussing the feasibility of assignment of credit for Education 404 courses in part or in full towards a B.A. or B.Sc. Degree where the courses are appropriate.
