Grad. Studies
Paper S-50

To: Senate

From: Registrar

21 September, 1967

Subject: Ph.D. Examining Committees

The Senate Committee on Graduate Studies at its last meeting agreed to a change in its procedures relating to Ph.D. Examining Committees.

The former procedure was that the Examining Committee would be referred to Senate for approval. The Graduate Studies Committee feels that this will frequently hold up the appointment of the committee, including the appointment of the External Examiner.

The Graduate Studies Committee proposes, instead, that Ph.D. Examining Committees be tabled for Senate's information perhaps twice a year, but that formal approval be given at the Senate Graduate Studies Committee level.

D.P. Robertson
Registrar
Secretary, Senate Committee
on Graduate Studies.
