Paper S-68

To: All Members of Senate

From: Registrar

13 October, 1967

Subject: Numerical Values for
Scholarship purposes.

At the October 2 meeting of Senate the Undergraduate Grading scale was revised. The Registrar was asked to make a recommendation regarding the numerical values to be assigned to letter grades for scholarship purposes.

In order to implement the new system for the current semester we are unable to wait for the November meeting of Senate but must proceed almost immediately to change.

Could I ask that you let me know if you have any objections to the proposed values before Friday October 20. If we do not hear any objections from members of Senate by that time we will proceed to make the necessary changes to operate the new scale this semester.
