Students enrolled in EDUC. 475 will examine the material in the "B.C. Curriculum Guide for Mathematics," and develop strategies for teaching the Curriculum topics in the Elementary classroom. This section of EDUC. 475 will be a workshop course, with the participants exploring problems related to the teaching and learning of the subject.

Course Requirements:

1. Attendance and participation in the sessions.
2. Completion of weekly assignments.
3. Completion of two projects. Topics to be discussed in Session #2.
