COURSE DESCRIPTION

This course will introduce students to the foundations of art education which includes a study of the elements of art and design. Students will explore creative processes and the application of art with respect to the age of their students and the subject(s) being taught.

OBJECTIVES

1. Students will understand the theory and practice of six studio processes based on hands on experience.
2. Students will complete sketchbook assignments designed to explore the elements of art.
3. Student will be introduced to the purpose of art and art education.
4. Students will demonstrate an understanding of curriculum planning by developing an individual curriculum proposal.
5. Students will participate in historical and analytical applications of study within an art curriculum.

CONTENT

Goals of art education curriculum, hands on learning of art processes, examining/evaluating historical and contemporary art; and developing activities for individual teaching situations.

ASSIGNMENTS

1. Art projects (studio work) - 25%
 2. Sketch book - 30%
 3. Special project - 25%
 4. Participation - 20%
- (Attendance, discussions, assisting in setup and cleanup)
