<b>RE:</b>	SCUS, January 2015 meeting		

The FCAT UCC has approved the following recommendations for changes to the BA Visual Culture and Performance Studies in SCA:

**From**

**To**  
Art, Performance and Cinema Studies.
- A request to create two **streams** in the degree: **Art and Performance Studies and Cinema Studies.**

Please place these items on the next meeting of SCUS.

**Changes to the BA in Visual Culture and Performance Studies**

The SCA is changing the BA in Visual Culture and Performance Studies to improve recruitment and include a new stream in Cinema Studies. The BA is presently difficult to articulate to new students and we have a growing interest in Cinema Studies. We are proposing a name change to **Art, Performance and Cinema Studies** with one stream in Art and Performance Studies and one in Cinema Studies.

The name change reflects more accurately the actual instruction offered, as well as the expertise of the faculty. The name change will also aid in recruitment as it better articulates the scope of the offerings within the major and is more easily explained to potential students. In addition, the old name proved to be very challenging for student recruitment; the addition of "cinema studies" to the name will assist in recruitment.

By reconfiguring the major into two streams, the program will be more distinct and will accommodate student interest in particular areas of focus. **No new courses** will need to be developed; existing program courses are being reorganized within the two streams, and some interdisciplinary electives will be added.
