

SIMON FRASER UNIVERSITY
ENGAGING THE WORLD

TO: Senate

FROM: Joy Johnson
Chair – Senate Committee on Agenda and Rules

DATE: August 26, 2022

SUBJECT: Revised Senate Library Committee (SLC) Terms of Reference

SCAR has reviewed this document and is bringing this to Senate for approval.

Motion:

“That Senate approve revisions to the Senate Library Committee Terms of Reference.”

Rationale:

The committee terms of reference had not been revised in more than 20 years. The university and the library environment have changed considerably during this time. We made changes for the following reasons:

- To update language on the Library Review Report to reflect regular External Reviews, now routinely conducted on a 7-year cycle
- To add library needs of the community, and promotion of library services, as areas of advice
- To clarify that substantive policy changes are within the committee’s scope, but that minor changes to library rules and regulations are not
- To add SFU copyright policies, education, technology, and communication to the purview of the committee, since the University Copyright Office is now located in the Library
- To update membership to reflect that there is now more than one “Associate Librarian” (now associate deans of libraries)
- To change to a more flexible way of electing Faculty representatives, in order to address a longstanding problem filling all seats.
