PresidentSubject: Terms of Reference for Selection  
of Vice-President, Research and  
Information Systems

Date: March 13, 1990

---

Under Section 27 (e) of the University Act, the Board of Governors has the power "with the approval of senate, to establish procedures for the recommendation and selection of candidates for president, deans, librarians, registrar and other senior academic administrators as the board may designate". On earlier occasions, the Board and Senate have approved Terms of Reference for the selection of the following designated senior academic administrators:

President; Vice-President, Academic; Associate Vice-President, Academic; Deans; Chief Librarian; and Registrar.

To date, no terms of reference have been approved for the selection of the Vice-President, Research and Information Systems. In addition, the Board has requested that consideration be given to establishing a process that would address the re-appointment of an incumbent. The attached proposal establishes the position of Vice-President, Research and Information Systems as a designated senior academic administrator under Section 27 (e) of the University Act, and in addition sets out the procedures to be followed in the event that an incumbent is eligible, and wishes to stand for, a subsequent term of office.

The attached proposal is being presented at the March 27, 1990 meeting of the Board of Governors. If the proposal is accepted by the Board, it requires the approval of Senate before it can be implemented.

Motion: "That Senate approve the terms of reference for the selection of the Vice-President, Research and Information Systems as established by the Board of Governors and set out in paper S. 90-XX."
