1. APPROVAL OF AGENDA

Attention was drawn to the new Agenda format which provides for report by the Chairman of Senate, reports of Committees, and reports of Faculties. The Chairman noted that the Agenda had been structured by him and the Acting Academic Vice-President, and R. Haering commented that he had noted that routine business of Senate seemed to be interrupted by motions from the floor and that the intent of the new format was to ensure the handling of routine business but to still provide opportunity for Notices of Motion to be dealt with under a later item on the Agenda.

Comment was made by a number of members that items which had been submitted through Notice of Motion or with Request for Inclusion on Agenda had not always been so included and clarification was requested. The Chairman indicated that he would comment further on these matters when making his report later on the Agenda.

Question was raised as to whether or not Motions from the floor could be accepted or whether Notice of Motion would be required. It was noted that motions from the floor could indeed be entertained on pertinent items under discussion and that such motions might be dealt with immediately or that Senate might wish to defer a motion to a later point on the Agenda.

K. Rieckhoff observed that Senate had approved the order of business at its meeting on April 4, 1966.

Moved by K. Rieckhoff, seconded by L. Dampier,

"that the Agenda be approved".

MOTION CARRIED

2. APPROVAL OF MINUTES

- (a) Minutes of Open Session December 2, 1968 - continued through December 9, 1968.

S. Foulds had submitted written request that the minutes of December 2, page 8, line 23, be amended to read as follows, "D. Sullivan noted that this was not a student committee but a Senate committee. Foulds agreed that this was indeed not a student committee but insofar as Senate had delegated the responsibility to the Simon Fraser Student Society to find a student representative that the President of the Student's Council was a bonafide student representative. In view of the fact that Senate has formally recognized (Sept.-Oct., 1965) the President of the Student Council as representative of the student body and that under the Simon Fraser Student Society constitution it takes two weeks for an election to take place, Foulds said that he was disappointed that the Dean should question the validity of Mr. Walsh's position in that he took responsibility for this position in order to expedite the urgent business which was before the Senate Admissions and Standings Appeals Committee."

As there were no further changes the minutes were ruled approved with amendment as noted.

(b) Minutes of Open Session - December 9, 1968 - Calendar Changes

The name of W. Hamilton is to be included in the list of those present.

D. Sullivan indicated the necessity of a change on page 10 of the minutes, paragraph 6, in that the previous question had been put but there was not indication of the results of the vote on the question. The Secretary was instructed to make the necessary adjustments.

As there were no further changes the minutes of December 9, 1968, (Calendar meeting) with change as noted were declared approved.

3. BUSINESS ARISING FROM THE MINUTES

(a) From Minutes of December 2-9, 1968

B. D'Aoust noted that further data on deferred grades was to be provided and the Secretary indicated that a paper prepared by D. Meyers would be made available to Senate at the next meeting.

(b) From Minutes of December 9, 1968

B. Funt drew attention to his Notice of Motion, "that in future Senate adjourn on the day the Senate meeting commences", and the Chairman indicated this would be considered at a later point in the Agenda.

4. REPORT BY THE CHAIRMAN

(a) Interim Council Recommendations, Paper S-184

The Chairman indicated that in compliance with the request of L. Boland, Acting Chairman of Joint Faculty, he had forwarded items DI - DXII inclusive of the Joint Faculty Referendum on the report of Interim Council to the Senate Committee on the Method of Appointment, Tenure, and Functions of Deans and Heads of Departments.

(b) Faculty Council

In accordance with report made to Senate the Chairman convened a meeting on Friday, December 20, 1968, of the outgoing and incoming members of Faculty Council in order that the incoming members would be apprised of past policies of Faculty Council. The history of Faculty Council attempts to formulate policy were reviewed and it was agreed, (1) that a historical survey would be prepared, and (2) that the first item before the incoming Faculty Council would be the preparation of a policy statement. No other action was then taken.

Senate Procedures

(c) Appeals Committee

The Chairman reported that the Appeals Committee had requested that he name a Faculty Senator as an alternate on the committee as the present structure would prevent operation of the Committee through lack of quorum if any one of the members were absent. He reported that the students had provided an alternate and in view of the circumstances he had named L. Boland as an alternate Faculty Senator.

Moved by D. Sullivan, seconded by J. Walkley,

"that L. Boland be named the Alternate Faculty Senator for the Appeals Committee".

MOTION CARRIED

(d) Senate Agenda Committee

The Chairman made reference to earlier comments, noted that working in conjunction with the Academic Vice-President he had attempted to move to a fixed Agenda and that the Academic Vice-President had already commented on the intent to ensure that routine business of Senate was disposed of as expeditiously as possible. The Chairman further commented that the Agenda Committee procedure had not functioned as well as he had hoped and that in his view it was desirable that a number of procedural questions be immediately reviewed and that some committee of Senate go through the past records of Senate to identify procedures and bring forward recommendations which would expedite the business of Senate. He suggested that the Senate Agenda Committee or some other committee of Senate be assigned this task.

Discussion followed with concurrence that procedures required review, general concurrence that the Agenda Committee operation was not fully successful, and that steps be undertaken for a review of procedures immediately.

Informal vote was taken on the suggestion that the Senate Agenda Committee be assigned the task and the suggestion was defeated.

Moved by D. Sullivan, seconded by K. Rieckhoff,

"that Senate appoint a committee of three to review the various procedures of Senate and bring forward recommendations to Senate and include appropriate codification of procedures".

MOTION CARRIED

Informal vote was then taken on the suggestion that the Committee be appointed at the current meeting of Senate and the suggestion carried.

Moved by D. Sullivan, seconded by J. Walkley,

"that Senate suspend its rules on nominating and election".

*Election
Agenda
Senate Procedure*

Nominations were declared open and the following were nominated:
D. Sullivan, K. Rieckhoff, S. Wong, A. MacKinnon, L. Boland,
J. Walkley, E. Gibson. Ballot vote was then undertaken and
A. MacKinnon, K. Rieckhoff, D. Sullivan, were declared elected
with K. Rieckhoff to convene the first meeting of the Committee.

K. Rieckhoff stated that if any Senators wished to submit recommendations for the Committee they should be made directly to him, in writing with reasons.

K. Burstein stated that when approval of the current Agenda was under discussion indication had been given that further comment would be made under Item 4 of the Agenda and he again wished to inquire as to the function of the Senate Agenda Committee, with reference to comments that had been made previously concerning difficulty of getting items through the Agenda Committee on to the Agenda. The Chairman responded that the function of the Agenda Committee was to advise him on the preparation of the Agenda with recommendations on items to be included on any given Agenda and that he proposed to continue to have the Agenda Committee so advise him. He noted that the standing procedures of Senate called for the distribution of the Agenda and supporting papers to members of Senate ten days in advance of the Senate meeting but that for a number of reasons it had not been possible to enforce such procedures during the Fall Semester but that he intended to enforce these procedures until new procedures might be brought forward by the Committee just elected. K. Burstein requested that the Senate Agenda Committee publish its criteria for selecting papers and items for the Agenda or that alternatively all items submitted appear on the Agenda. S. Wong suggested that the members of the Senate Agenda Committee would be willing to prepare such a statement for the guidance of Senate members in submitting items for the Agenda.

J. Hutchinson requested further consideration of paper S-184 and the Joint Faculty Referendum on the report of Interim Council of Joint Faculty noting that disposition had been made only of items DI - DXII to a Senate Committee but that disposal had not been undertaken of other items.

Moved by J. Hutchinson, seconded by K. Burstein,

"that Senate proceed through paper S-184, disposing of the items ad seriatim".

Considerable debate ensued and the Chairman was requested to give assurance that disposal of the items to appropriate bodies would be undertaken within 48 hours. The Chairman indicated that he could not give assurance of disposal within that time period.

Debate continued with disagreement as to whether the items could be adequately considered and disposed of immediately.

Following lengthy discussion the mover and seconder withdrew the motion on the understanding that the item would be considered later on the Agenda.

MOTION WITHDRAWN

(c) Senate Undergraduate Admissions and Standings Committee - Paper S-188

Attention was drawn to Paper S-188 submitted on behalf of the Senate Committee on Undergraduate Admissions and Standings.

Discussion was undertaken on Item 1 and S. Wong questioned the item on his understanding that a student is permitted to use the provisions of the Calendar which is to his greatest advantage and the Registrar was asked to comment. H. Evans indicated that there were two aspects of the problem and that in terms of fulfilling requirement for graduation the student is permitted to have the benefit of the Calendar regulations which are to his advantage but in terms of decisions on admissions the policy which is followed by the Committee is that applicable at the time of admission. W. Williams commented that the Appeals Committee follows the same practice as student admitted some semesters ago usually were under less stringent admission requirements and this was advantageous and more logical. Discussion continued with

a number of members speaking in support of Item 1 and some speaking against.

Comment was made that the Appeals Committee does not make policies but that its function is to ensure that existing policies were properly and equitably applied. A number of members supported this view but some were opposed. Discussion continued with some consideration of Item 2 and continued debate on Item 1.

Moved by D. Tuck, seconded by K. Okuda,

"that paper S-188 be tabled".

Sullivan referred to the minutes of December 9, 1968, and noted that documentation was to be provided. L.
