In light of the current financial situation, concern was expressed that the criticism of the reviewers with respect to a perceived lack of focus within the Department was being used by the Department as a supporting argument for course/program expansion. Senate was informed that a planning review, including a review of the undergraduate curriculum, was currently in progress, not only at the departmental level, but also at the Faculty level.

- c) Senate Committee on Academic Planning/Senate Graduate Studies Committee
- i) Paper S.92-40 - Latin American Studies - Master of Arts Program

Moved by R. Saunders, seconded by R. Brown

"that Senate approve and recommend approval to the Board of Governors the proposed Master of Arts Program in Latin American Studies as contained in Paper S.92-40"

T. Kirschner and R. Newton, from the Department of Spanish and Latin American Studies were in attendance in order to respond to questions.

Opinion was expressed that the proposal was soundly and thoroughly based within the various participating disciplines, and that the development had appropriately evolved in a logical, consistent, and gradual way and represents a model of the kind of development graduate programs should follow.

In response to an inquiry as to what the expectations are for students completing the program, Senate was informed that it is anticipated that fifty percent of the students will continue at the Ph.D. level in other conventional disciplines, and that opportunities will exist for employment in government service and non-government organizations actively involved in Latin America.

In response to a question concerning language requirements, Senate was advised that students are required to know either Spanish or Portuguese plus a reading knowledge of another language, preferably French. It was pointed out that this is consistent with general regulations for other graduate programs.

Question was called, and a vote taken.

MOTION CARRIED

- ii) Paper S.92-41 - Department of Psychology - Law and Psychology

Moved by R. Saunders, seconded by R. Blackman

"that Senate approve and recommend approval to the Board of Governors the proposed program in Psychology and Law as contained in Paper S.92-41"

V. Loewen, Director of Financial Aid and Awards was in attendance in order to respond to questions.

Request was made that Table III on page 5 - Undergraduate Awards Information - be reported by gender. The Chair indicated that this information will be circulated at a subsequent meeting of Senate.

Brief discussion took place with respect to the recovery rate of student emergency loans, and projections for scholarships at the graduate and undergraduate level in view of the current financial situation.

6. Other Business

The following notices of motions were received from P. Haje at the Senate Meeting of May 11, 1992.

1. The following motion moved by P. Haje failed for lack of a seconder:  
"that senate approve an election or appointee to chair the senate committee on international students instead of appointed chair from Faculty of Business Administration because of conflict of interest. Pursuant to inquiry (RE: Simon Fraser University, Faculty of Business Administration - and - The Human Rights Act of B.C.)"
2. The following motion moved by P. Haje failed for lack of a seconder:  
"that senate approve and recommend to the Board of Governors to provide access of computer services to all Simon Fraser University prison educational programs"
3. Moved by P. Haje, seconded by S. Smith:  
"that Senate approve and recommend to the Board of Governors to elect the President of Simon Fraser University instead of government appointment when the position is vacant"

Brief discussion took place with respect to the current selection process and selection processes followed at other universities.

Question was called, and a vote taken.

MOTION FAILED

4. The following motion moved by P. Haje failed for lack of a seconder"  
"that Senate approve and recommend to the Board of Governors that the President of Simon Fraser University pay rent to his or her accommodation as other Simon Fraser University residents"
5. Moved by P. Haje, seconded by T. Morrison  
"that Senate approve and recommend to the Board of Governors that sons and daughters of professors attending Simon Fraser University pay their equal share in tuition just like any other students"

Opinion was expressed that it was unfair to paying students that the dependents of University employees receive free tuition. It was pointed out that the tuition waiver is a negotiated benefit with employee groups on campus and is, in fact, a taxable benefit.

Question was called, and a vote taken.

MOTION FAILED

6. Moved by P. Haje, seconded by M. Bawa

"that Senate approve and recommend to the Board of Governors to abolish the differential fees for international students as recommended by U.B.C. Task Force Report"

A variety of opinions were expressed including beliefs that differential fees discourage and hinder many well qualified international students from attending university because they can not afford tuition, and that international students provide an economic benefit to the country to which they go, and that the university is a better place for their presence. It was noted that financial aid is available for those international students who may find themselves in difficulty as a result of the current increase in fees. Senate was also advised that the administration has responded favourably to a recommendation on scholarships from the Student Society that the University try to encourage students from countries not now represented within the student body.

Moved by P. Winne, seconded by S. Wade

"that the motion be referred to the Senate Committee on International Students for investigation"

Question was called, and a vote taken.
