FROM: REGISTRAR

Report on Early Entry  
Students - Summer 1966.

DATE: SEPTEMBER 23, 1966

1. During the eleventh week of the Summer 1966 Semester my staff interviewed ten of the fifteen students who had entered Simon Fraser in May before completing grade twelve.

SUMMARY: Two felt that their High Schools did not have enough information on the program.

Three came from schools opposed to the program - Burnaby South, Windemere and Argyle. The latter was hesitant but is now enthusiastic as a result of student's return visit.

Two have been back to their High Schools.

All students suggested counselling on courses and University Procedures at the time of registration.

One commented on the orientation program as ineffectual.

Eight plan to attend all three semesters.

Three mentioned difficulty with individual courses but all are quite confident of success.

All were enthusiastic about the early entry program.

2. Attached is a report on the scholastic standings of the fifteen Early Entry students.

D. P. Robertson  
Registrar
