COURSE DESCRIPTION

The course will focus upon in-depth study of the Ministry of Education's newly developed Integrated Resource Package. The theoretical principles contained therein will be implemented through a variety of instructional activities. There will be an opportunity for all participants to participate in a practical teaching situation, and to receive detailed feedback on their performance.

OBJECTIVES

Lectures on the pedagogical foundations of physical education will be combined with practical sessions in activity settings that exhibit varying degrees of structure. Students will participate in instructional activities that provide insight into the dynamics of effective pedagogy in physical education.

REQUIREMENTS

- 1) Students will develop a paper relating to the teaching of one aspect of physical education.....60%
- 2) Prepare and teach one lesson on physical education.....20%
- 3) Class participation.....20%
