MA Sociology Program Changes

<p>Summary of change:</p> <p>1) Amendment to previous calendar changes (S.14- 156-2), the addition of SA 870- Theories in Anthropology (5) to the Sociology Master's program elective list.</p>
<p>Rationale for change:</p> <p>1) This change was approved as part of a curriculum change in 2014. However in the calendar change document, while the course at issue was included in the list of electives for the Sociology PhD program, it was inadvertently omitted from the MA program, through a clerical error. This error was only recently noticed, and we now want the SFU calendar to reflect the proper information.</p>
<p>Will this change impact current students? If yes, what is the plan for current students?</p> <p>No.</p>
