

SIMON FRASER UNIVERSITY

MEMORANDUM

To: Senate
 From: Alison Watt
 Secretary, SCAR

Subject: Student Conduct policies
 Date: May 19, 1998

FOR INFORMATION

In May 1993, Senate appointed an ad hoc Committee to Review Academic Discipline and Student Conduct policies. The committee developed a new series of policies and in June 1994, Senate approved these policies and established two new bodies involved in matters of misconduct, the University Board on Student Discipline and the Senate Committee on Disciplinary Appeals. These four policies came into effect in September 1994.

The new policy has been in place for three and a half years, and it is appropriate to have a review to ensure they are working effectively. The Senate Committee on Agenda and Rules has therefore approved the establishment of an ad hoc committee to receive input about the policies with a view to refining these policies. The review committee will have the following terms of reference and membership:

Ad Hoc Committee to Review the Student Conduct policies**Terms of Reference**

1. To review and update the existing student conduct policies, T10.01, T10.02, T10.03 and T10.04.
2. To consult with Faculties and other appropriate bodies in the University in the process of the review.
3. To report to SCAR with recommendations by January 1999.

While the committee is expected to consult widely, advice must be sought from the following individuals/positions because of their direct responsibilities as specified in the policies: Chair of SCODA, Coordinator of UBSD, Dean of Student Services and Registrar, Chairs, Director of Campus Community Services and Ombudspersons.

Membership

Chair (faculty)
 2 faculty
 2 students (one of whom shall be named by the SFSS)
 Secretary

The members will be appointed by SCAR on the recommendation of the President.
